### WARMER

Divide the class into small groups. Appoint a secretary for each group and give them a few minutes to write down as many things in the classroom as they can, e.g. *desk*, *board*. Don't go through the lists with them yet. Collect in the lists and check them while the students are doing Exercise 1. Award points for correctly spelled words.

### VOCABULARY

#### Things in the classroom

- 1 Ask the students to look at the photo first and to say what they can see. Then, ask them to look at the words. Check that they can pronounce them correctly; in particular remind them that *board* /bɔ:d/ and *coat* /kəut/ are one syllable. Then, ask the students to match the words to the lettered objects in the photo. If you did the Warmer activity, give the lists back and ask them to compare their lists with the words in the book. If they enjoy competition, award extra points for every word they have written which is *not* in the book.

### Answers

*The answers are recorded for the students to check and then repeat.*

A board B map C poster D door E teacher F window  
G computer H bag I coat J chair K textbook L pen  
M pencil case N ruler O rubber P exercise book

### GRAMMAR

#### Verb *be*

- 1 First, revise the names of the colours by pointing to things in the classroom and inviting volunteers to name the colours. Write them on the board. Remind students that with the verb *be*, we use *is* for singular objects and *are* for plural objects. If necessary, remind the students of the question and short answer form. Ask the students to write at least five sentences about the objects in the photo using *It's* / *They're* + colour, e.g. *It's green and white* (the rubber), *it's blue* (the chair). Then, demonstrate the

pairwork activity by inviting a student to read out one of their sentences, e.g.:

**Student:** *It's red and black.*

**Teacher:** *Is it a coat?*

**Student:** *No, it isn't.*

**Teacher:** *Is it a pencil case?*

**Student:** *Yes, it is.*

### Answers

Students' own answers

#### *There is / There are*

- 2 Read the first sentence as a class and encourage the students to look at the photo and to say if the sentence is correct (*yes*) or incorrect (*no*). They then do the exercise on their own.

### Answers

1 no 2 yes 3 no 4 no 5 yes 6 yes

- 3 Draw the table onto the board. Play the recording and stop it after the first question. Ask the students to repeat the question, then look at the photo and say the answer. Invite a volunteer to put a tick in the correct space on the table on the board. Play the rest of the recording for the students to complete the table in their books or notebooks. With a stronger class, play the recording again and ask the students to say the complete correct answer, e.g. *Yes, there is.*

### MIXED ABILITY

Stop the recording after each question, ask the class to repeat the question, and if necessary write it on the board. Give them time to look at the photo, compare their ideas with a partner and then put up their hand when they think they know the correct answer.

### Answers

Ticks should be under:

- 1 Yes, there are.
- 2 Yes, there is.
- 3 Yes, there are.
- 4 No, there isn't.
- 5 No, there aren't.

#### » AUDIOSCRIPT PAGE 000

- 4 Play questions 1 and 2 from the recording in Exercise 3 again and invite volunteers to write the two questions on the board. Remind the students that we use *Are there any ... ?* with plural things and *Is there a ... ?* with singular things. If necessary, revise *my* and *your*. They should take turns to close their eyes while their partner asks at least three questions.

### Answers

## BACKGROUND INFORMATION

Research suggest that backpacks should not weigh more than 10% of a students' body weight. Students should try to keep as many books and material as possible at school and they should regularly clean out their bag to check they are not carrying unnecessary items, like heavy toys. Students should also make sure they spread the weight of their bag evenly over both shoulders using both straps and not carry it on just one.

## Have got

- 5 In pairs, ask the students to look at things (A–I) and say what they are. Then, ask them to read about Simon's bag and tick the things in his bag.

### Answers

E textbooks H exercise books G pencil case  
C bottle of water F sandwich I money

- 6 On the board, write: *What have you got in your bag today? Have you got a/an/any ... in your bag today?* Remind students that we use *a/an* with singular things (*an* before a vowel sound) and *any* with plural things. Encourage them to ask you questions about your bag first. Then, in pairs, they ask and answer about their bags. They will need to remember their partner's answer because they will have to write some sentences about their partner's bag.

Allow them some time to ask and answer their questions, then challenge volunteers to come to the board to write some sentences, both positive and negative, about your bag, e.g. *Mrs Fulton has got a bottle of water in her bag. She hasn't got a football.*

They must write at least five sentences about their partner's bag.

### PRONUNCIATION | The alphabet

- 2 Ask the students to look at the table in their books and ask 'Why is H under A, and why is C under B?' (because they have the same vowel sound) Ask the students to write the letters of the alphabet in the right column, according to the vowel sound. Play the recording again (or say the letters yourself) if the students need help.

### Answers

The answers are recorded for students to listen and check.

- 3 Tell the students to complete the questions (1–6) before they match them to their answers (a–f). If time allows, ask them in pairs to take turns to ask and answer the questions.

## FAST FINISHERS

In pairs, fast finishers ask each other variations on these questions, e.g. *How do you say 'pizarra' in English? How do you spell 'pencil case'?*

### Answers

1 repeat – d 2 say – f 3 page – e 4 spell – a 5 borrow – b  
6 mean – c

## COOLER

Have a spelling race. Divide the class into teams of four or five. Choose a word from this unit and spell it out quickly. The first team to put up their hand, say the word and spell it correctly gets a point. With a stronger class, the students can continue playing in groups.

- 1 Play the recording and ask the students to listen and repeat the letters of the alphabet. If necessary, write some groups of letters on the board that students often confuse, e.g. the vowels A E I O U, and consonants G/J, B/V/W.

### Audioscript

*The alphabet is recorded for the students to listen and repeat.*

## Have got

- 5 Read what Simon says. Tick (✓) the things he's got in his bag.

My bag's really heavy today! I've got three textbooks, four exercise books and my pencil case. I've also got a bottle of water because I've got football club after school. I've got a sandwich and some money too. I haven't got my phone – that's at home in my bedroom.

## WARMER

Play *I Spy* with the class using the things in the classroom in Exercise 1 on Student's Book page 10. Begin by saying 'I spy with my little eye, something beginning with B! Encourage the students to ask you questions before they guess what the word is. For example:

Teacher: *I spy with my little eye something beginning with B.*

Student A: *Is it big?*

Teacher: *Yes, it is.*

Student B: *Is it near the door?*

Teacher: *Yes, it is.*

Student C: *Is it the board?*

Teacher: *Yes, it is.*

With a stronger class, the students play the game in small groups.

## VOCABULARY

- 1 Ask the students to notice how these numbers are always said with the stress on the first part of the word, e.g. twenty.

### Audioscript

*The numbers are recorded for the students to listen and repeat.*

- 2 Encourage the students to work in pairs and say the numbers in this exercise first, before they listen to the recording. If time allows, after the students have completed the activity, ask them in pairs to take turns to say another number for their partner to choose the right number; e.g. a 25, b 13.

### Answers / Audioscript

## Dates

- 3 Highlight the syllables and stress in each month (e.g. Jan-u-ry). Next, ask the students to say each month correctly. Then, in pairs, the students say the months in order.

### Answers

January, February, March, April, May, June, July, August, September, October, November, December

- 4 Ask 'What's the date today?' and write the date on the board using the ordinal number, e.g. *7th September*. Ask the students to repeat the date and draw their attention to the box which explains the difference between how we say dates and how we write them. Check that they can pronounce the ordinal numbers on the calendar correctly, especially *20th* (twentieth) and *30th* (thirtieth). Then, ask them to listen and write down the eight dates on the recording. In pairs, they then check their answers by asking and answering questions:

A: *What's 1?*

B: *It's the first of March. What's b?*

## Answers

1 1st March 2 12th October 3 8th May 4 25th February

## ➤ AUDIOSCRIPT PAGE 000

- 5 Encourage the students to say the complete questions first. (*When's your birthday? What's today's date? / What's the date today? When's your mum's / dad's birthday?*) If necessary, write them on the board. Then, in small groups, the students take turns to ask and answer the questions. Remind them to begin their answers with *It's ...*. Point out that they need to write down the other students' dates.

## FAST FINISHERS

Fast finishers write some new questions about dates, e.g. *When's the next holiday? What's tomorrow's date? What date is our national day?* When the others are ready, the fast finishers ask the class their questions.

## Answers

Students' own answers

- 1 Encourage the students to look at the photos first and try to say what the people are doing in each one before they read the words and match them to the photos.

**Answers**

A draw a car B swim under water C make a cake  
 D ride a bike E speak three languages F run 5k  
 G play tennis H stand on your head

- 2 Encourage the students to make a question with each of the words in Exercise 1 first. With a weaker class, you might want to do this together on the board. Allow them time to ask and answer the questions in pairs. Then, if appropriate, ask them to stand up and ask at least four other students the questions. If not, they can do this in groups of six. Point out that they should take notes as they will need to report back to the class. They might find this easier if they complete a chart in their notebooks like the one below.

Name	swim under water?	speak three languages?	ride a bike?
Jon	✓	✗	✓

When they have finished, ask 'How many students can swim under water?' and encourage them to answer with either a number or with names, e.g. *Five students can swim under water / Ana and David can swim under water.*

**Answers**

Students' own answers

**Present simple**

- 3 Ask the students to read what the people say about themselves and answer the questions. Point out that they should use complete sentences. In Unit 1, the students will look at the present simple with adverbs of frequency.

**Answers**

- 1 Yes, he does.
- 2 He hasn't got any brothers.
- 3 She likes swimming.
- 4 He wants to go to China.
- 5 He plays football.
- 6 She goes shopping on Saturday.

- 4 Write the question prompts on the board and encourage the class to make complete questions. Demonstrate by getting volunteers to ask you the questions and give full answers. For example:

**Student:** *What kind of music do you like?*

**Teacher:** *I like pop and rock. I don't like classical music.*

Then, the students take turns to ask and answer the questions. Point out that they will need to take notes so that they can tell the class about their partner.

**MIXED ABILITY**

For weaker students, write the question prompts on the board, leaving a space for the missing words, e.g.

1 ..... do sports every day?

2 What kind of music ..... like?

Invite volunteers to complete the questions on the board. Then, as above, demonstrate the activity and then ask the students to ask and answer in pairs. If they need more help, suggest that they copy the questions into their notebook and write down the answers so they are true for them, before they ask and answer with a partner.

**Answers**

Students' own answers

**» GRAMMAR REFERENCE AND PRACTICE PAGE 138****SPEAKING**

- 1 Brainstorm the questions as a class first. Then, invite two stronger students to demonstrate the activity orally, giving complete answers. The students then write the questions individually before asking and answering in pairs. Point out that they need to listen to their partner carefully as they will need to write some sentences about them. Remind them that when they do this, they need to use the third person *he* or *she*.

**Answers**

Students' own answers

**COOLER**

Tell the class that you're going to read four sentences about yourself and that the information in two of them is incorrect. Encourage them to listen carefully and say or guess which two sentences are incorrect and, if possible, correct the information. For example:

*My name's Mrs Brown. (correct)*

*I'm 18 years old. (incorrect: I'm 40 years old.)*

*I've got two brothers. (correct)*

*I like travelling and I love sweets. (incorrect: I don't like sweets.)*

Then, ask the students to write four sentences about themselves and include two sentences with incorrect information. In small groups, the students read their sentences and the others have to guess the incorrect information. If the students enjoy competition, they can award a point for identifying each incorrect sentence and an extra point if they can correct it.

My team always plays a match on Saturday or Sunday, and I usually go to practice games three times a week. It's hard work, but it's never boring! I'm 14 and I play for the U15s. That's the team for players under the age of 15. When I'm older, I want to go to the rugby summer camp at Loughborough University. My favourite player, Fran Matthews, went there and now she plays for the England national rugby team.

- 4 Encourage the class to look at the photos first and say what sports Sophie and Ben do. Then ask them to look at the two texts quickly and check their ideas. Finally, ask them to skim the texts to find the answers to both questions and to underline the answers in the text. Set a time limit (e.g. one minute) for this to discourage them from reading every word and add an element of competition.

## Answers

Sophie does her sport every week – four times a week (she plays one match and three practice games).  
Ben can't go snowboarding in the city. He goes to the mountains.

- 5 Ask the students to try to answer the questions from memory before they read the texts again. Remind them to underline the answers in the texts and write the question number next to the underlined answer. Check the answers as a class, encouraging students to say where they found the answers in the text.

## Answers

- 1 More than 18,000 women (play rugby).
- 2 She plays a rugby match.
- 3 She wants to go to a rugby summer camp.
- 4 He prefers to be in the mountains. (He feels at home there.)
- 5 He's good at snowboarding and wants to become a famous snowboarder.
- 6 'Goofy-foot' means Ben's right foot is in front on the board.

Overmatter

Books closed. Write these sentences on the board; don't rub out these sentences until after exercise 2:  
*My team always plays a match on Saturday or Sunday.  
It's never boring.*

*I sometimes go snowboarding with Mum.*

Encourage the students to tell you whether the sentences refer to the present, past or future (present) and whether they are talking about something we are doing now or something we do often or every day (often or every day). Ask them to say what the underlined words are (adverbs of frequency).

- 1 Ask students to find the adverbs of frequency in the blogs. Copy the line onto the board and encourage volunteers to come to the board and write the adverbs in the correct place.

#### Answers

Play Vocabulary Tennis. Divide the class into two teams and give each team the name of a famous tennis player. Team A says a sport and Team B scores a point if they make a correct sentence using *play*, *go* or *do* and an adverb of frequency. Team B then says a sport and so on. For example:

Team A: *badminton*

Team B: *I often play badminton with my friends. (one point)*

Team B: *skating*

Team A: *I go skating never. (no points)*

GRAMMAR

## Adverbs of frequency

We use the present simple to talk about things we do often or every day.  
*I go snowboarding every day.*

- 1** Look at these examples from the blogs.  
The adverbs of frequency are in purple.

My team **always** plays a match on Saturday or Sunday. It's **never** boring.  
It's **usually** quiet.  
I **often** go with my little sister and other young people.  
I **sometimes** go snowboarding with Mum.

Write the words in purple on the right place on the line.

- ## 2 Answer the questions.

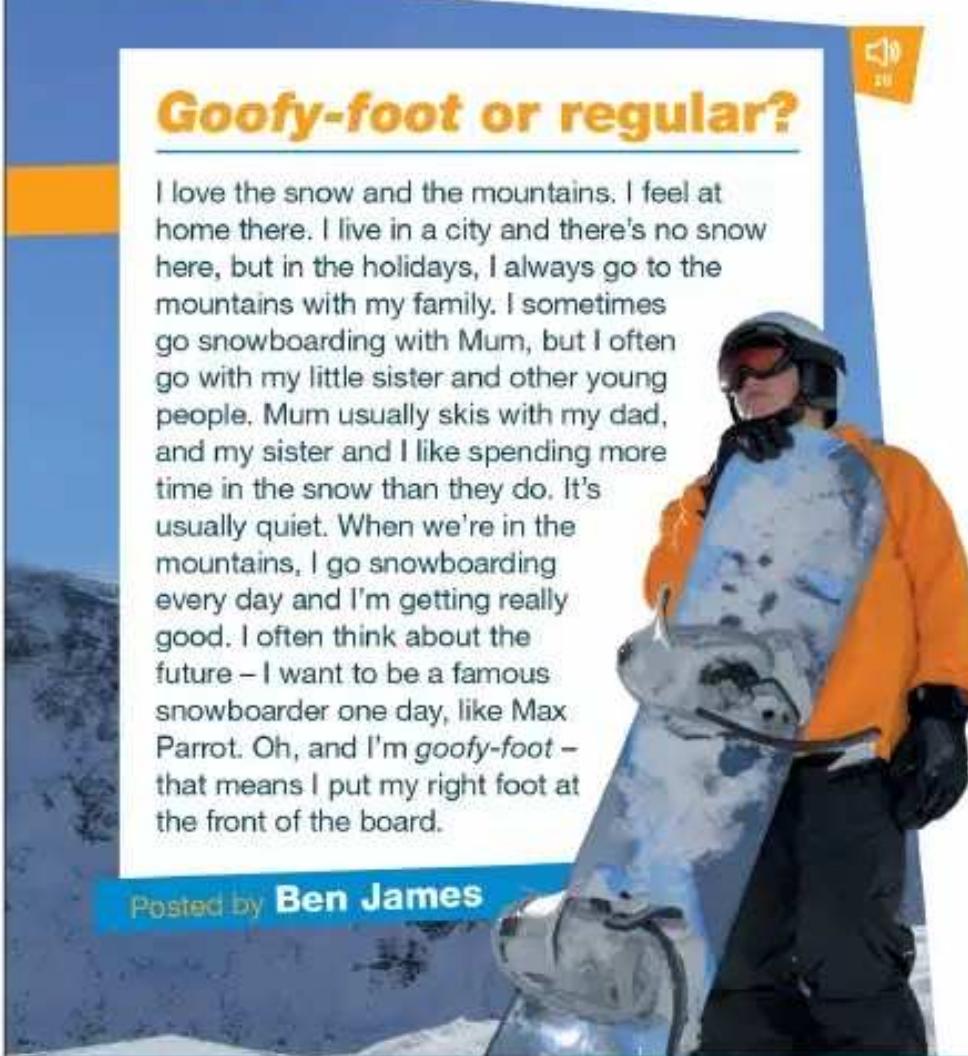

- 1 Which sentences in Exercise 1 have a present simple verb?
  - 2 Which sentences in Exercise 1 have the verb *be*?

- ### 3 Choose the correct words to complete the rules.

In sentences with the verb **be**, we put the adverb of frequency *before* / *after* the verb.

In sentences with the **present simple**, we put the adverb of frequency *before / after the verb*.

## Goofy-foot or regular?

Directed by **Ben James**

- 4** Read the examples and choose the correct words to complete the rules.

People don't **always** play sport in teams.  
Ben doesn't **usually** go snowboarding with his dad.  
Do you **sometimes** play volleyball with friends?  
Is rugby **often** dangerous?  
Football isn't **always** boring!

In negatives and questions with the present simple, we put the adverb of frequency before / after the main verb.

In negatives and questions with the verb *be*, we put the adverb of frequency before / after the verb *be*.

GRAMMAR REFERENCE AND PRACTICE PAGE 138

## READING

- 1 Look at the photos of the sports and games. What can you see?
- 2 Read the three texts and match them to the photos.

# TRY THESE SPORTS!

## 1 CYCLEBALL

This sport is like football on bikes. There are two teams. Each team has usually got two players. The bikes don't have any brakes to stop them. Players in each team try to hit the ball into the goal. They can use their bike or their heads to do this. The ball is quite heavy – it weighs half a kilogram. The winning team is the team with the most goals at the end of the game.

## 2 GILLI-DANDA

This is an ancient sport from India. The players use two things: one long stick, called a *danda* and a short egg-shaped bat, called a *gilli*. There are two teams. One player puts the *gilli* on the ground inside a small circle and hits it into the air with the *danda*. Then the player hits the *gilli* again and runs to touch a spot outside the circle to get a point.

## 3 OCTOPUSH

The sport is also called *underwater hockey*. There are two teams. Each team has got six players. Players swim underwater to play this game. They use small sticks and a puck. The puck is a little like a flat ball. It's heavy and weighs about a kilogram. Players try to push the puck along the bottom of a swimming pool into the other team's goal. The winning team is the team with the most goals at the end of the match.

- 3 Read the three texts again. Are the sentences right (✓) or wrong (✗)?

- 1 There are always two players in a cycleball team.
- 2 The ball in cycleball is small and light.
- 3 Players in cycleball can't hit the ball with their hands.
- 4 *Gilli-danda* comes from India.
- 5 The two sticks in *gilli-danda* are the same size.
- 6 Players use a small ball in *gilli-danda*.
- 7 People play octopush in teams.
- 8 Players in octopush hit the ball, or puck, with their hands.
- 9 Players in octopush swim underwater to play their game.

### TALKING POINTS

Which of these sports do you want to try?

Do you have any sports like these in your country?

## 16 UNIT 1

## 28 UNIT 1

### WARMER

Before the class, write some of the sports from pages 14 and 15 on the board with the vowels missing, for example

find question 6 a little more difficult because in *gilli-danda*, there isn't a ball as such – the short bat is used as a ball.

and 15 on the board with the vowels missing, for example *b\_dm\_nt\_n* and *v\_ll\_yb\_ll*. Challenge teams to complete the words as quickly as they can.

## BACKGROUND INFORMATION

These are three real sports.

**Cycleball:** People have been playing this sport since 1893 and there is an annual world championship which is governed by the International Cycling Union. However, because the bikes have no brakes, the gears are fixed and players can't put their feet on the ground, this sport is very difficult to play and crashes, falls and injuries are common.

**Gilli-danda:** This game is often played in rural areas between teams from different villages. Versions of this game are played in other parts of the world; for example *bilharda* in Galicia, Spain, *lippa* in Italy and *pee-wee* in the USA. Some people believe that sports like cricket, baseball and softball evolved from *gilli-danda*.

**Octopush** (or underwater hockey): This sport was invented in the UK in the early 1950s by divers who were bored of just swimming up and down the pool to get fit. It's now popular all over the world. As it is played underwater, it isn't easy for people to watch this sport.

## READING

- 1 Write these expressions on the board: *I can see ... , I think it's a ... , there's a ...*. Encourage the students to say as much as they can about each photo by asking them to describe the players, their clothes and equipment, the place where the sport is played, and the sport itself. Encourage them to use full sentences. If necessary, pre-teach *stick* and *bat* by pointing to the stick bat in the photo (or drawing a picture on the board) and *underwater* by asking 'Where are the swimmers in photo C?'

### Possible answers

- A There are two teams. Someone is holding a long bat. He's going to hit a smaller stick.
- B There are some swimmers underwater. They are following a ball.
- C There are some women on bikes. They are trying to hit the ball with their bike.

- 2 Set a time limit (e.g. three minutes) to encourage the students to skim read the text for gist. When they think they know the answer, ask them to underline the words or expressions in the text which suggest the answer, e.g. in the first text, *football on bikes*, *any brakes*, *hit the ball into the goal*, etc. During open class feedback, invite them to justify their answers, e.g. *C is cycleball because they are playing football on bikes*.

## MIXED ABILITY

Divide the students into three groups: Group 1 reads the sentences about cycleball (1–3) and decides if they are right or wrong; Group 2 reads about *gilli-danda* (4–6); and Group 3 reads about octopush (7–9). All the students read the other sentences for homework and complete the exercise.

## FAST FINISHERS

Fast finishers write three or more right or wrong sentences about the three sports for the rest of the class.

The Reading text is recorded for students to listen and read.

## TALKING POINTS

Encourage the students to explain why by using *because ...*. With the second question, extend the conversation by encouraging the students to think of some sports in their country which visitors might find unusual. Ask them to think about how they would explain this sport. In the Speaking section at the end of the lesson, students will have an opportunity to talk about a sport they know.

## VOCABULARY

### Sports equipment

- 1 Encourage the students to underline the sports equipment in the following sentence: *Football is a team sport that needs a ball, a pitch and a referee.*

- 3 Encourage the students to read the sentences first and choose the correct words before they listen again. With a weaker class, play the recording for a third time and stop after each answer. With a stronger class, play

equipment in the three Reading texts on page 16 (e.g. bike, ball, goal, stick, bat, puck). Then ask them to try to find some of these underlined words in the photos before matching the words in the box.

### Answers

The answers are recorded for students to check and then repeat.

A racket B stick C bat D ball E board

- 2 Books closed. Copy the table onto the board with the column headings and challenge the students to think of at least two sports for the first two columns and one sport for the last column (e.g. *surfing, snowboarding* and *skateboarding*). If appropriate, organise the students into teams and award points for sports with the correct spelling. Next ask the students to complete the table in their books, but point out that some words don't go in the table, i.e. *sailing, skating, cycling, swimming* and *running*. Then ask them to add any extra sports from the board.

### Answers

- 3 Encourage the students to cover the words in Exercise 2 and try to complete the sentences from memory first. When they have finished, encourage them to test each other on these words in pairs by asking the question *What do you need to play [name of sport]?* and answering *You need ....*

### SPEAKING

- 1 Encourage the students to choose a sport quickly. Alternatively, write some sports on different slips of paper and give one slip to each student. Then ask the students to read through the questions and make some notes on their sport. Check that the students can say each question with an interested intonation (rather than flat and bored) by asking them to listen to you and then repeat. Student A now asks Student B about their sport. Point out that Student B shouldn't use the name of the sport in their answer as Student A will need to guess the sport. Encourage Student B to use some of the new vocabulary and to use full sentences. Have Student A guess the sport before Student B confirms the answer. They then swap and Student B asks Student A about their sport.

Brainstorm two or three activities from the class (e.g. *get up, have a shower*) and then challenge the students in small groups to write down as many activities as they can in two minutes. ### MIXED ABILITY

Ask stronger students to work through Exercises 3–6 at their own pace (see Fast finishers activity after Exercise 6). Ask the weaker students to work in pairs, find the adverb (*at the moment, always, today, etc.*) in each sentence and if appropriate underline it. Check their ideas. Pens down. Ask the whole group to say whether they should use the present continuous (PC) or present simple (PS) in each sentence and if appropriate, ask them to write PS or PC next to each one before they complete the exercise. With very weak students, read the complete sentence to them with the verb in the correct tense. Ask them to listen and say if the verb is in the present continuous (PC) or present simple (PS).

- 1 Read the texts once. Who starts school the earliest?

# Tell us about your day...

Three young people from around the world describe a typical school day

## A Onni – Finland

I get up at 8.00 am. For breakfast I have cereal and milk, with orange juice. After breakfast, I meet my friend, and we go to school together on the metro. Some days school starts at 9.00 but on other days at 10.00. We don't wear a uniform, and we call our teachers by their first name. We all get a free lunch at school – meat or fish with vegetables for the main course and fruit for dessert. School usually finishes at 2.45, and after that I go to music lessons or drama club. I have a snack in the evening before bed.

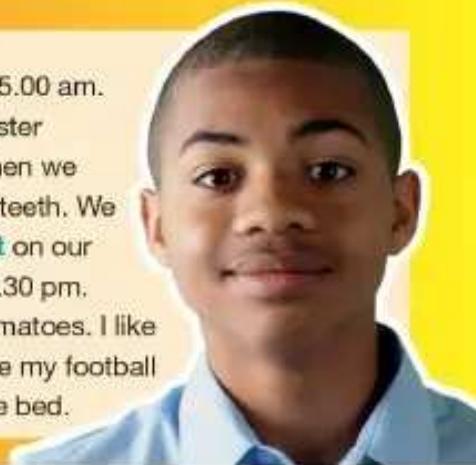

## B Diego – Mexico

I wake up at 6.00 am, have a shower and put on my uniform. My breakfast is coffee, with bread and cheese or avocado. At 7.00 am, it's time to go to school. Sometimes I walk, but often my mum drives me. Classes begin at 8.00 and finish at 2.30. After that, I have my art class. I have lunch at about 3.00, and then I do my homework. I do it till 6.00 or 7.00. After that, I go on the internet, or watch TV with my family. I have dinner at about 8.00.

## C Aban – Ghana

My mother wakes me and my sister up at 5.00 am. I water the plants in the garden, and my sister prepares the food for the evening meal. Then we put on our school uniforms and brush our teeth. We leave the house at 6.30 and buy breakfast on our way to school. Lessons are from 7.30 to 2.30 pm. Lunch is at school – today, it's rice and tomatoes. I like it, but my sister doesn't! After school I have my football class, and in the evening I watch TV before bed.

2 Read the texts again. For each question, write O (Onni), D (Diego) or A (Aban).

- Who says he uses the computer in the evening?
- Who can choose what he wears to school?
- Who doesn't have breakfast at home?
- Who goes to school by car?
- Who doesn't start school at the same time each day?
- Who does sport after school?
- Who has a hot drink in the morning?

## TALKING POINTS

Whose school day is like yours? Whose is different?

Was any of the information surprising to you?

## MIXED ABILITY

For Exercises 1 and 2, divide the class into three groups, A, B and C, making sure there is a mix of stronger and weaker students in each group. Group A reads about Onni, Group B Diego and Group C Ghana. Ask them to read their text quickly to find what time each person starts school. Compare answers as a class and decide who starts the

Fast finishers write some more questions about the three texts for a class quiz, e.g. *Who has a cold drink in the morning? Who goes to school with a friend?* Organise the class into teams. The fast finishers come to the front of the class, ask each team some questions and give points for correct answers.

## TALKING POINTS

Copy the table below onto the board and elicit some examples. Then ask the students to copy the table and make notes before they start talking. Put the students into small groups for this activity; ask them to use their notes to answer the questions and also to say which of the people in the texts has the best and worst school day.

Do you agree?* Ask the students to look at the poster and say what it is about. With a weaker class, stop after Student 1 and encourage the students to say what information on the recording tells them it's Tip C. Students listen to the recording again in Exercise 3.

CULTURE VIDEO AND CULTURE VIDEO WORKSHEET: What is a Paralympic athlete?

### BACKGROUND INFORMATION

The Olympic Games symbol is five interlaced rings (blue, yellow, black, green and red), which represent the five continents (Africa, America, Asia, Australasia and Europe). The Paralympic Games symbol is three red, blue and green 'agitos' (see illustration on unit page). An 'agito' (= 'I move' in Latin) is the symbol of movement. To compete in the Paralympic Games, each athlete is evaluated by a panel of judges. To avoid the least impaired athletes from winning all the competitions, each athlete is categorised according to their degree of impairment; this categorisation is sport specific. In the word Paralympics, 'Para' stands for *parallel* (= side by side with the Olympics) and not *paraplegic*.

### WARMER

Draw the Olympic Games symbol (see Background information above) on the left-hand side of the board and ask the class what it is and what they know about these games. Write the class' ideas onto the left-hand side of the board. Next draw the Paralympic Games symbol (see Coursebook page and Background information above) on the right-hand side and ask what it is and what they know about these games. Write the class' ideas onto the right-hand side of the board. Then, ask them to read the factfile at the top of the page and the introduction to the six descriptions and check their ideas.

- 1 If necessary, ask the students to look at Vocabulary and Reading Exercise 1 on page 14 again to revise the names of sports before they do this exercise. Encourage them to answer in full sentences and ask follow-up questions where appropriate, e.g. *Where do you play football? Who do you play it with?*

### PROJECT EXTENSION

Tell the pairs they are going to record an interview (either voice or video) for the radio, where one of them is the radio journalist and the other is the athlete. Encourage them to use some of the questions they wrote for their project above and their answers and where appropriate, to write some new questions. Point out they will also need to write an introduction to the interview where the journalist introduces the athlete. Tell the pairs they can either write out the full interview first or write some notes.

Questions:	1 2 3

As a class complete the table for Martha Dirksen (see example above), encouraging the students to think of three questions they would like to ask her. In pairs, ask the students to copy the table (with title) into their notebooks. Ask the students to find information about another athlete and complete the table with the information they find. Remind them that they need to write three of their own questions and also find the answers for these questions. With a less autonomous class, it may be a good idea to find the names of several Paralympic athletes and give one of these names to each group. Ask the pairs to give a short presentation to the class on their athlete.

### GRAMMAR

#### like, don't like, hate, love + -ing

- 1 Books closed. Write the four sentences on the board and elicit who said what (Mia or Jason). Underline the verbs in bold and ask 'What do the expressions have in common?' (They express a preference.) Books open. Ask the students to say what the two emoticons mean in the exercise before they complete the table. Do not rub out the sentences as they'll be used again in Exercise 2.

#### Answers

The answers are recorded for students to check and then repeat.

- a I love listening to rap.
- b She likes playing classical music.
- c I don't like listening to opera.
- d I hate playing the violin.

## » GRAMMAR REFERENCE AND PRACTICE PAGE 140

- 2 Rub out *listening* and *playing* from the four sentences on the board (used in Exercise 1). Ask the students to say what is missing in each sentence, write the missing word (*listening* or *playing*) in a different colour and highlight the *-ing* form. Ask the students to look at the table in their books and elicit the spelling rules by asking 'What happens with verbs that end in -e?' (remove the 'e') 'And verbs with one syllable that end in consonant-vowel-consonant?' (double the last consonant) 'And all other verbs?' (add '-ing')

#### Answers

help: learning, singing  
write: choosing, driving, making, practising, riding  
run: getting, sitting, swimming, winning

- 3 Encourage students to read the second sentence in each question first and decide whether they'll need to choose a positive or a negative word.

#### Answers

- 4 Point out that students often make mistakes with the *-ing* form after verbs such as *like*, *love*, *hate*, etc. and they should check their spelling carefully.

different topics. One of the topics could be music, for example. In Part 2, candidates talk about a different topic to Part 1. They discuss their likes and dislikes on a topic. It is possible that a topic such as music could appear in either Part 1 Phase 2 or Part 2. It will not appear in both. First practise saying the questions with the correct intonation by asking the students to copy your intonation. Remind them to give full answers and to ask follow-up questions.

### MIXED ABILITY

With weaker students and more reluctant speakers, use a disappearing board conversation:

- 1 Write the questions with sample answers (see below) on the board.
- 2 Divide the weaker students into As and Bs. As a class, As read the questions and Bs read the answers, then change roles.
- 3 Students continue to do this in pairs. As they do this, begin to rub out words from the answers until the students are saying the answers from memory.
- 4 Encourage the students to read the questions (still on the board) and give their own answers.

#### Sample answers

- 1 I usually listen to music in my bedroom.
- 2 I love pop music. That's my favourite.
- 3 My favourite musician is Ed Sheeran. He sings and he plays the guitar.
- 4 I love listening to the piano but I can't play it.
- 5 Yes, they can. Students learn to play the recorder at my school.

## READING

**1** Look at the photos. In pairs, ask and answer the questions.

- 1 Is it easy to become a famous musician?
- 2 How do people start in the music business?
- 3 How can the internet help people to become musicians?

**2** Read the article quickly and match the teenagers' questions 1-3 to the advice A-C.

**GREAT SOUNDS** **47**

# STARTING IN THE MUSIC BUSINESS

DO YOU WANT TO PLAY IN A BAND, OR BECOME A FAMOUS SINGER OR SONG-WRITER?

Read on to find out how!

Pete

- 1 I'm a singer-songwriter. I give concerts at a local club. Everyone likes listening to my music and wants to buy a CD. What can I do next?

Shona

- 2 Hi, I play in a band with some friends from school. The others aren't serious about music, but I am. Help! Do I stay with the band or find other musicians to play with?

Spark

- 3 I'm 15 and a rapper. I record my songs and put them online. I get lots of hits! But I live in the countryside and there are no gigs here. It's too far for me to travel to the city. What can I do to become famous?

**3** Are the sentences right (✓) or wrong (✗)?

- 1 Pete sells CDs of his songs at his concerts.
- 2 Pete needs to make an album with a record company.
- 3 Shona is more interested in music than her friends are.
- 4 Shona needs to change school as soon as possible.
- 5 Spark lives a long way from the city.
- 6 Spark doesn't need to perform live for people to hear his music.

A

Why not make a music video too? Then it doesn't matter where you live. Ask your parents or someone from school if it's okay, and they can show you how to do it. Then you can upload the video to a social network like YouTube or Instagram. That's how Shawn Mendes became famous!

B

You already write and perform your own songs. Great! Next step: record an album using computer software and post it online. You don't need a record deal. College courses are a really useful way to learn how to do this, and can give you other ideas too. Ask at your school.

C

Music is an important part of your life. Stay with your friends for the moment but think about going to a music school. These schools teach music and everything you need to know about becoming a musician. Talk to your parents about it. Good luck!

## TALKING POINTS

Are any of your friends musicians?

Do any of your friends upload their music to the internet?

Do you like listening to music on the internet?

Which sites do you prefer?

### WARMER

Play this dice game. (You'll need one dice for each group of six students.)

- Write this on the board:

1 love      1 listen (to)

2 like      2 play

3 quite like      3 watch

4 don't like      4 read

5 hate      5 sing

6 really hate      6 go

- Demonstrate the activity to the class. Roll the dice. This number (e.g. 2) gives you the first verb (*like*).

### TALKING POINTS

Remind the class that a yes or no answer isn't enough and they should always try to give full answers by using words like *and*, *so*, *because*, etc. Also remind them to ask follow-up questions. If necessary, set a minimum time limit for this exercise.

### Answers

Students' own answers

- Roll the dice again. This number (e.g. 6) gives you the second verb (*go*). Make a complete sentence (*I like going to the beach when the weather is good*). Encourage the students to ask follow-up questions, e.g. *Who do you go with? What do you do there?*
- Organise the students into groups of six and give each group one dice. Allow them to play the game for three or four minutes, reminding them to give full answers and to ask follow-up questions.

## READING

- Pre-teach *music business* by asking the students to look at the photos and to say what the two people have in common (*they both work in the music business*). Check understanding by asking for some more examples (e.g. Bruno Mars, Lady Gaga) and also asking if there are other types of jobs (e.g. songwriter, producer, sound engineer).

### Answers

Students' own answers

- First ask the students to find the three questions (1–3) and to underline what the three people want to know. Then encourage them to match the three pieces of advice (A–C) quickly and to underline the information which gives them the correct answer.

## MIXED ABILITY

Whilst the other students are doing Exercise 3, ask the weaker students to decide if sentences 1 and 2 are right or wrong. Check their answers. If time allows, encourage them to try sentences 3 and 4.

## VOCABULARY

### Music verbs

- Before the students complete the sentences, point out that they might have to add -(e)s to the verb for the third person.

## FAST FINISHERS

Pairs take turns to be Student A and B. Student A reads out the sentences in Vocabulary Exercise 1 but says *banana* where there are missing words, e.g. *I My dad can help me BANANA BANANA BANANA BANANA. Then I can upload it to Youtube.* With their book closed, Student B repeats the sentence but with the correct words.

- 30 3 This exercise is loosely based on A2 Key for Schools Listening Part 2 where students need to complete information with words, numbers or dates. If the word is spelled on the recording, the spelling must be correct. Encourage the students to read the note first and to say what kinds of words are missing in each space (e.g. 1 & 2 part of the day, 3 a name, 4 a number, 5 a name, 6 an email address). Play the recording a second time for students to check their answers.

After they finish, if time allows, pairs can role-play a conversation between one of the teenagers and someone in the music business giving advice.

## Possible answers

- I think you can record an album and play it to your friends. Then you can ask an adult to help you and you can post it online. At the same time, you can look for a good college course.
- I think you can stay with the band at the moment, but ask your parents about music schools. These schools help people become musicians.
- I think you can make a music video and then ask adults to help you post it online. You don't need to give concerts. People can see you playing online.

## SPEAKING

### 1 A2 Key for Schools Speaking Part 1 and Part 2.

In Part 1 Phase 2, the examiner will ask each candidate some general questions and in Part 2 they will ask about their opinions. It is possible that a topic such as music could appear in either Part 1 Phase 2 or Part 2. It will not appear in both. Ask the class to ask you the questions and model good answers. Then invite a confident student to the front to be the candidate. Ask them two or three questions; the rest of the class listen and say whether the candidate answers the questions well and why.

## COOLER

Each pair writes sentences about a famous musician using some of the words from Vocabulary Exercise 1. Then they read their sentences to the class without saying their name. The other students guess who it is.

## Fun day!

I was very surprised to get this activity day for my birthday, but indoor skydiving was awesome! I can't wait to go again. Before the activity, there are lots of hand signals to learn, so you can communicate when you're flying in the wind tunnel. You can't speak in there! At first, I was worried about forgetting them, but it was fine. Jade

Amazing trip!

I'm really interested in cars, so this was an amazing day for me. I still can't believe that my first driving experience was in a Lamborghini and an Aston Martin! I've got a video of the whole thing. I'm glad about that, because on the day there's no time to look at the cars properly. As soon as you finish, the next driver gets in. I was a bit upset about that.

**Liam**

Amazing trip.

This was my first time in a helicopter, and I was quite nervous. I wasn't sure I wanted to do it. But there was no need to be afraid – in fact, I was sorry when it was over! I was in the front seat and the view was fantastic. The only problem was that we were back on the ground after only ten minutes. **Mia**

## Really special!

What a brilliant afternoon! First, there was a talk about the history of chocolate. Then it was time for the best bit – making and decorating our own chocolates! The teachers were lovely and happy to help with any problems. There were photos to buy afterwards, but they were really expensive. I was angry about that. **Ethan**

Write the adjectives from Student's Book page 28 Exercise 4 on the board. Next draw four emoticons in four columns on the board to represent bad 😠, OK 😐, good 😃 and very good 😊. Ask the students to put the adjectives in the correct column. Next encourage the students to ask questions with *How was your ...?* with *evening*, *weekend*, *maths test*, *birthday*, *match*, *music lesson*, etc and answer using the adjectives, e.g. *How was your weekend? It was amazing. How was your maths test? It was....*

Point out that these activity days were given to the four young people for their birthdays (see Background information). Discuss whether they would like to receive an activity day for their birthday. - Review sites like TripAdvisor encourage their own members to write reviews of activities and award a rating between 1 and 5. This is called User-Generated Content (UGC).

## READING

- Ask the students to look at the title of the text, the four photos and headings (but not to read the text) and to answer these questions: *What's an activity day?* (a day when you can try something) *What's a review?* (an opinion about something). Ask the students to look at the photos again and say what activity each reviewer did (if necessary, use the photos to pre-teach *indoor skydiving* and *helicopter*). Point out that reviewers often give points or stars and briefly discuss the difference between a 4- and a 5-star review before they do the exercise. Ask the students to say why three of the reviews only got 4 stars (each one had a minor complaint).

### Answers

5 stars – Jade's (no complaints)

- Encourage the students to try to answer the questions before they read the texts again. Point out that they only need to write a short answer but they should say where they found the answer in the text. If necessary, do the first question as an example.

Next, ask the students to look at each image and to say which adjective they represent. If time allows, ask them to draw (or if appropriate, find on their phone) images for the other four adjectives.

## 35 2 A2 Key for Schools Listening Part 1.

- In this part, students listen to five short conversations and answer a question by choosing the correct picture, A, B or C. They listen to each conversation twice. Before they listen, ask the students to read each question again and say how each of the three pictures answers it. Do the first as an example: *What was Bella happy with at the party? In A Bella was happy about the people, in B she was happy about the food and in C she was happy about the music.* The students then listen to the three conversations and choose the right picture for each one.

### Answers

It was Isabella's party.  
It was at Isabella's home.  
It was from 6 pm to 9 pm.  
The food was pizza, salad and cake.  
party/food – big, nice, brilliant  
people's feelings – excited, nervous, fine  
1 There was some nice food at the party.  
2 There were lots of happy people at the party.  
3 This is terrible music.  
4 Jake is a brilliant dancer.  
5 I like going to big parties.

**PLAN** Encourage the students to ask and answer the four questions in *Get ready* orally in pairs before they make notes. If the students don't go to birthday parties, encourage them to write about a special day or meal with their family.

After they listen for the first time, encourage them to compare their answers with a partner and to say why they think their answer is correct. Play the recording for a second time for the students to check their ideas. With a weaker class, play the recording for a third time and stop it after the correct answer is given. With a stronger class, ask the students to say why the other pictures are not correct, e.g. *In 1 Bella says the music wasn't great and there weren't many people there.* They can do this by listening again.

## WRITING

### PREPARE TO WRITE

#### A description of a party

Tell the students that they are going to write about their school day routine, similar to the paragraphs written by Onni, Diego and Aban.

**GET READY** Before the students read the text, invite a short class discussion on parties by asking 'Do you ever go to birthday parties? What do you do? What do you eat and drink?' If the students don't go to parties, invite a discussion on the other ways they celebrate special days like birthdays. After the students have underlined the adjectives, encourage them to say where adjectives go in the sentence: either after subject + be (*we were excited*) or before the noun (*a really big party*). With a stronger class, encourage them to find words we can use to describe the adjective (modifiers), e.g. *really* and *so* and remind them that we can use *very* too. Then ask the students to complete the sentences with the adjectives in brackets. Remind them that we never put an -s on an adjective even if the noun is plural, i.e. *big parties* not *bigs parties*.

**IMPROVE** Encourage the students to check that they have included enough adjectives, that they have put them before the noun, spelled them correctly and have not added an -(e)s to make the adjective plural. They should also check that they have used *was/were* correctly. Then ask them to check their partner's paragraph for these things.

### MIXED ABILITY

Ask the stronger students to work through this section at their own pace. With weaker students, write the model text on the board. Ask the students to say which words are information words, rub these out and leave the paragraph structure, e.g.:

I was at ..... birthday party last ..... name's ..... and the party was at ..... on ..... from ..... to .....

Next complete the text together on the board with appropriate information. Then, rub out the information words again. Ask them in pairs to complete the text again with new words.

If appropriate, for homework, ask the stronger students to write at least 80 words about a different special day (e.g. a family celebration) and weaker students to write at least 40 words about a birthday party.

### COOLER

In pairs, the students take turns to mime one of the words in Vocabulary Exercise 1 page 30 and guess the emotion.

## 58 UNIT 4

## LISTENING

1 Read questions 1–5 and look at the pictures. What can you see in each picture?

## WRITING

### PREPARE TO WRITE

#### A description of a party

**GET READY** Read the text and answer these questions. Whose party was it? Where was it? What time was it? What food was at the party?

I was at my best friend's birthday party last month. Her name's Isabella and the party was at her house on 12th May, from 6 pm to 9 pm. It was a really big party. All her friends and family were there, and we were so excited about it. There was

3 What was the weather like?

5 Where was the girl on Saturday?

lots of food – pizza, salad and of course cake! It was all really nice. Isabella was nervous before the party, but she was fine when everyone was there. It was a really brilliant evening!

Now underline all the adjectives. Which describe the party and the food, and which describe how the people felt?

Put the adjectives in the correct place in the sentences.

- 1 There was some food at the party. (nice)
- 2 There were lots of people at the party. (happy)
- 3 This is music! (terrible)
- 4 Jake is a dancer. (brilliant)
- 5 I like going to parties. (big)

**PLAN** Make notes about a party you were at. Use the questions in Get ready to help you.

**WRITE** Write a paragraph about the party.

**IMPROVE** In pairs, read each other's paragraphs. Check for mistakes with *was/were* and adjectives. Give your partner two ideas to make their paragraph better. Use your partner's advice and rewrite your paragraph.

Dear \_\_\_\_\_,

I think it's a good idea to talk to your friend and tell her to stop. You can tell her that it's important to be good in class and that you don't like what she's doing. Is she finding maths difficult? Does your friend need help studying? Listen carefully to your friend to help her.

## Answers

Food: cereal, cheese, cold meat, dessert, dinner, fish, fruit, juice, rice, tomatoes, vegetables  
Music: classical music, drums, keyboard, hip-hop, jazz, opera, piano, pop, rap, rock, saxophone, soul, violin  
Sport: athletics, cycling, gymnastics, sailing, snowboarding

- 3 Ask the students to read the whole sentence first and try to think of the missing word before they try to complete it. Encourage the students to complete as many of the sentences as they can and then allow them to look back at the vocabulary sections in Units 1–4 and try to find the words. If the class find this exercise very difficult, write the answers on the board in a different order without their first letter, e.g. ressed (dressed), our (tour), idy (tidy).

## Answers

1 prepare 2 make 3 alone 4 fantastic 5 tidy 6 upset  
7 tour 8 brilliant 9 dressed 10 nervous

## WARMER

Play Pictionary. Begin to draw one of the pieces of equipment from Unit 1 (*bat, ball, board, racket or stick*) on the board and encourage the class to guess what it is by asking ‘Is it a ...?’ Do the same with all five words and, if time allows, some of the sports. If appropriate, organise the class into teams and award points for the correct answers. If possible, leave the pictures of the sports equipment on the board for Exercise 1.

## VOCABULARY

- Ask the students either to look at the pictures of sports equipment on the board (see Warmer) or in the book and say what they are again before they match them to the words. Also encourage them to say which sports use each piece of equipment before they match them. When they have finished, challenge them to think of some more sports for each sports equipment word.

### Answers

A bat B stick C ball D racket  
ball: baseball, basketball, hockey, rugby, table tennis, tennis, volleyball  
bat: baseball, table tennis  
racket: tennis  
stick: hockey

- First, check that the students can pronounce these words correctly by asking them to listen and repeat. Next, do the first four words as a class by asking;

Teacher: Where does ‘athletics’ go?

Student: It goes with ‘Sport’.

Teacher: Where does ‘cereal’ go?

Encourage the students to continue in pairs by asking and answering questions about each word.

## FAST FINISHERS

Invite fast finishers in pairs to play Pictionary with some of the words in this exercise.

## GRAMMAR

- For questions 1–5, encourage the students to read the complete sentence first before they choose the correct answer. In questions 2 and 5, ask them to look at the time expression before they decide on the correct word. For questions 6–10, point out that there is a problem with the verbs in each of these sentences.

### Answers

1 talking, going 2 sing 3 was 4 usually stay 5 was  
6 I often go with my friends to the cinema.  
7 How are you? I’m writing to you to give you some news.  
8 The weather was amazing last month.  
9 I like going to school because I like my teachers.  
10 Yesterday was my birthday.

- With a weaker class, it may be necessary to give the students the first word in each question. Correct the questions before the students move on to the second part. Ask the students to read the questions first and try to think of a suitable answer before they match them to the correct answer (a–f). Remind the students to read through the complete answer first looking at the time expressions before they write the verb.

### Answers

1 What are you making?  
2 Does your mum play the guitar?  
3 Do you play tennis every Tuesday?  
4 Are you doing your homework at the moment?  
5 Is your brother playing football this morning?  
a plays, is / 's learning 2 c 'm / am doing 4  
d 're /are watching 5 e play 3  
f 'm / am making, have, 'm / am having 1

## MIXED ABILITY

With very weak students, write the complete questions on the left hand side of the board and the complete answers on the right hand side of the board first and ask them to match them. Next, rub out the questions on the board and ask the students to do the first part of the exercise. Then, invite volunteers to come to the board and write the question next to its correct answer.

## UNITS 1–4

## LISTENING

### 1 A2 Key for Schools Listening Part 1.

- In this part, the students listen to five short unrelated conversations. They have to read a question for each one and choose the correct picture. Each conversation is repeated after the students hear it for the first time. First, ask the students to read the questions and underline the key words. Then, ask them to look at three pictures and say what is the difference between each one (e.g. 1 A it's 1.30, B it's 2.00 and C it's 2.30) before they listen to the recording. Allow them to listen to each conversation at least twice.

### Reverse pictionary

Tell the students to take a piece of paper and divide it into four equal parts by folding it into quarters (and then unfolding it again). Ask them to label each part with one of these words: *sport, food, music* and *emotions* (i.e. the vocab areas from Units 1–4). Next, choose some words from Units 1–4, say each word and encourage the students to draw a picture of it under the heading. At the end of the activity, ask the students to compare their drawings in small groups and try to guess what each other has drawn.

## READING

- First, ask the students in pairs to look at the text title and look at the photo and to predict how you play.

and look at the photo and to predict how you play Tamburello. Pre-teach *tambourine* by asking them to find a picture of a musical instrument near the text and asking 'What is it?' Next, ask them to read the text and check their ideas. Then, ask them to try to answer the questions before they read it again. If time allows, challenge each pair to make up a new sport using a musical instrument.

### Answers

## SPEAKING

- 1 With a weaker class, encourage the students to find the question word first, i.e. 1 *What's*, 2 *Where* and tell them that this is the first word in each question.

### Answers

- 1 What's your name?  
2 Where do you live?  
3 How old are you?  
4 What's your favourite sport?

- 2 A2 Key for Schools Speaking Part 1 Phase 2.

In this part, both candidates are first asked the following questions *What's your name?*, *How old are you?* and *Where do you live?* Then, candidates are then asked questions on two different topics e.g. fashion, shopping, hobbies, etc.

In Phase 2, the examiner begins by saying *Now let's talk about ...*. One of the topics might be 'sports' and then the examiner will ask each candidate in turn two questions related to the topic, e.g. *Which sports do you do?* or *How often do you do them?* One of the candidates is then asked another question like *Please tell me something about your favourite sports team?* and encouraged to give a longer answer. The examiner then repeats this phase with another topic (e.g. school, music) and the other candidate is asked the second extended response question.

### LISTENING

- 1 Listen to five short conversations.  
For each question, choose the correct picture.

- 1 What time do they agree to meet?

- 2 Which instrument does Mona need to practise tonight?

## Tamburello

Tamburello is a sport from the north of Italy. It is a very old sport. The first games were in the 16th century. Players can play the game inside or outside.

It's a team sport and there are usually three players in each team. Players hit the small tennis ball to players in the other team. But they don't use bats or rackets to hit the ball. They use tambourines. Have a look at the photo. Yes, the players have got tambourines in their hands. The Italian word for tambourine is *tamburello*. That's how the sport gets its name.

A player in one team hits the ball over the line to players in the other team. A player in the other team hits it back. When a player doesn't hit the ball or when the ball goes too far, the other team wins a point. There are four points in each game. That's the same as the points in tennis. When players play a match, they usually play 13 games.

## BACKGROUND INFORMATION

The years BC (Before Christ) and AD (Anno Domini) are often referred to as BCE (Before Common or Current Era) and CE (Common or Current Era).

**Valentina Tereshkova** is a Russian astronaut who became the first woman and first civilian to fly in space. In 2013 (at the age of 77), she offered to go on a one-way trip to Mars.

**Frida Kahlo** (1907–1954) was a Mexican painter. Due to a childhood illness and accident, she had medical problems for the rest of her life. Her portraits and self-portraits often depict her suffering.

**Junko Tabei** (died 2016 aged 77) was a Japanese mountaineer. She was the first woman to reach the top of Everest and the first woman to climb the 'Seven Summits' (the highest mountains in each of the seven continents).

**Ella Fitzgerald** (1917–1996) was an American jazz singer. She wanted to be a dancer but began to earn money by singing on the streets in Harlem, New York. She then won first prize (\$25) at an amateur singing night at the Apollo Theatre, Harlem and went on to become the 'Queen of Jazz'.

- 7 St Paul's Cathedral is a(n) new / old stone building.

# The Great Fire

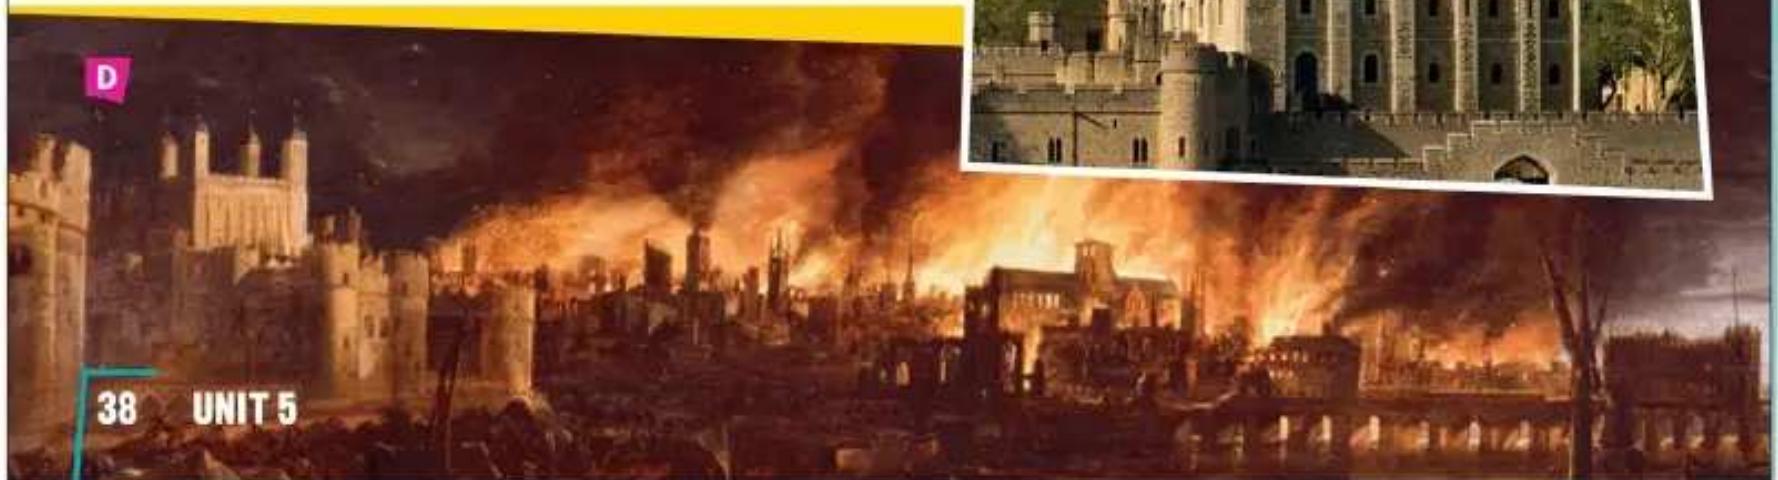

1 Saturday 1st September 1666 was a normal day in London.

**1** The city was smaller than it is today, but the little shops were busy and there were lots of people in the streets.

**2** Just after midnight that night, something happened in a bread shop in Pudding Lane to change everything. A small fire started in the building. Most people lived in small houses in those days. These houses were very close to each other. The floors at the bottom of the houses were made of stone, but the rest of the houses were made of wood. The fire moved first to the houses and shops on each side of the bread shop, jumping from roof to roof. The buildings started to burn, and the fire travelled quickly from house to house, from shop to shop and from street to street. The fire moved very fast through the buildings and burned for three days, from Sunday 2nd until Wednesday 5th September.

**3** After the fire, the buildings made of wood were not there anymore, but many churches and the famous castle, the Tower of London, were still there because they were made of stone.

**4** So the people of London decided to make new buildings of stone. You can still see many of those stone buildings from after the fire in London today. One of the most famous is a church. It's called St Paul's Cathedral.

## 72 UNIT 5

### WARMER

Hand out twelve strips of coloured card to groups of three. Ask each group to write one verb from Exercise 8 on page 37 of the Student's Book (*climb, complete, etc.*) on the front of each card in large, clear letters, and the past simple of the verb on the back.

Ask them to mix the cards and take four each. They take turns to test the other group members, as follows: *What's the past of climb?* (*climbed*)

*How do you spell it?* (*c-l-i-m-b-e-d*)

*Give me a sentence with it!* (*I climbed a mountain in May.*)

NB: Encourage the students to continue to make past simple verb cards as they learn more (and the irregular verbs). This activity can be used to start or finish any class and also given to fast finishers.

- 3** If necessary pre-teach *wood* and *stone* by asking the students 'What's the Tower of London made of? (*stone*)' and 'What are trees made of?' or 'What material do we get from trees?' (*wood*) Ask the students to choose the correct word and then find the answers in the article.

### Answers

*The Reading text is recorded for students to listen and read.*

### READING

- 1** Books closed. Find out if anyone in the class has been to London and encourage the other students to ask them questions about the city, e.g. *Is it big? What can you see and do there?* Then ask the students to copy the following table into their notebooks:

	London today	London in the 17th century
Size	<i>big</i>	<i>smaller</i>

People

Building

As a class, begin to complete it together (see examples above). Books open. In groups ask the students to say what they can see in each photo: A St Paul's Cathedral, B a London street in the past, C the Tower of London, D a fire in London in the past. Then ask the students to continue completing the table by using the photos to help them.

### Answers

Students' own answers

- 2 Ask the students to read the article title and look at the photos again and say what they think it will be about (*a large fire which destroyed parts of London in 1666*). Point out that the four paragraphs of the text are in order. Ask them to read the four paragraphs quickly and to underline the words that tell them the answer, i.e. 1 1st September 1666, 2 a small fire started, 3 the Tower of London, 3 St Paul's Cathedral.

### MIXED ABILITY

Encourage stronger students to work through Exercises 2 and 3 at their own pace. Check their answers. With weaker students ask them to read parts of the text only, e.g. weaker students could read paragraph 2 and very weak students one or two of the shorter paragraphs (1, 3 or 4). Then, ask them to match their text to its photo in Exercise 2, answer the questions they can in Exercise 3, and then share their answers with students who have read different parts.

## 40 UNIT 6

The job for a year he worked on the States and worked for a week in each one. He didn't use buses or planes – he travelled by car from job to job. He earned money for every job he did, but hotels were too expensive for him. He usually stayed in his boss's home, or with one of the other workers. 'People were very good to me,' says Daniel. 'They looked after me really well.'

But why did Daniel do this? And did he enjoy it? 'Yes, I did! I wanted to travel and learn about my country,' he says. 'And I wanted to try lots of different jobs.' Things weren't always easy for Daniel. In week 7, he worked as a farmer in Nebraska. 'The days were long, and I got really dirty,' he says. In week 38, he was a cook in a fish restaurant in Maryland. 'That was really hard! Often I didn't even have time to get a drink of water.'

Other jobs were fun. He worked in a theme park in Florida and as a model in North Carolina. He was a football coach in Alabama. In Alaska, he was a photographer. 'That was great. Alaska is a very beautiful place,' says Daniel.

- 6** In pairs, answer the questions.

Which jobs from Exercise 1 did Daniel do?  
Where did he do them?  
Why do you think he chose those jobs?  
Would you like to do any of these jobs?

## COOLER

The students play *What's my job?* in small groups. Demonstrate this activity: choose one of the jobs on pages 40–41 and tell the students they have to guess your job. They do this by asking a maximum of eight questions where the answer is yes or no, e.g. *Do you work in an office? Do you get dirty?*

- I didn't finish my homework at 6 pm. I finished it at 7 pm.
- I didn't cook the dinner on Saturday. My dad cooked it.

## READING

**1** Read the article quickly. Where did Nina and Julia do work experience?

# STUDENTS AT WORK!

Nina and Julia are 14 years old and go to school in London. But they weren't at school last week – they were doing work experience. This is when young people spend a few days doing a job. They don't earn money, but they work hard and learn about the world of work. Nina's job was in a café and Julia worked for a TV company. We asked them to tell us all about it.

**Nina:** I was really happy about working in a café, because I'd like to be a cook one day. But I didn't do any cooking at all. Instead I served food and drinks to the customers, cleaned the tables and washed the floor. The café opened at 7 am and closed at 6 pm, but my working hours were 6 am to 2 pm. The staff were friendly, but we didn't have much time for talking. We were all really busy!

**Julia:** I worked in the office of a TV company. At first, I was upset about that. My plan was to work in a TV studio, not in an office. But the staff were all very nice to me, and I learned a lot about the business. I started at 10 am and finished at 6 pm. In the morning, I opened all the letters. Then I helped my boss with different jobs. Sometimes I answered the phone. Other times he asked me to use the computer to look for information he needed.

## 2 For each question, choose the correct answer.

- 1 From the introduction we learn that Nina and Julia  
A enjoyed their jobs. B worked in different places. C were sorry to go back to school.
- 2 What kind of work did Nina want to do at the café?  
A cleaning B cooking C serving food
- 3 What does Nina say about her working day?  
A It was very long. B It started too early. C There was a lot for her to do.
- 4 Why was Julia upset in the beginning?  
A She didn't want to work in an office. B She didn't like the people she worked with. C She didn't know anything about the TV business.
- 5 Julia often didn't have much time to  
A eat her midday meal. B answer the phone. C speak to her boss.

### TALKING POINTS

What do you think about students doing work experience? Is it a good idea? Why? / Why not? What sort of work experience would you like to do?

## 42 UNIT 6

## 80 UNIT 6

### WARMER

Challenge the students to tell you as much as they can remember about Daniel Seddiqi (page 40). If appropriate, award points for correct information in the past. Then write the following on the board (Exercise 2 page 41) and ask the students to make full questions in the past simple:

- 1 How many states / Daniel visit?
- 2 How / Daniel travel from job to job?
- 3 Why / Daniel / stay in people's homes?
- 4 Daniel / like being a farmer in Nebraska?
- 5 Daniel / work at a theme park in Florida?
- 6 What / Daniel do in Alaska?

Then ask the students to ask and answer the questions in pairs. If necessary, allow them to look at the text again.

### BACKGROUND INFORMATION

In the UK, students in their fourth year of secondary school (aged 14–15 years old) often do work experience for one or two weeks. In some schools, they are expected to find their own placements so that they take on some responsibility, they choose something they want to do, and they gain experience in looking for and applying for a job. In some schools, younger students spend one or two days at the workplace of a parent or family friend.

### MIXED ABILITY

Allow the stronger students to find the answers for themselves. Give weaker students a few minutes to read the text and help them with any vocabulary. Then pair up a stronger student (who has finished) with a weaker student. Ask the stronger student to give their weaker partner two options only, e.g. 1 A or B, 2 B or C. They then help their partner to find the words in the text which give each answer.

1 First ask the class to look at the photos of Nina and Julia (*without* reading the text) and say how old they are and what they are doing. Tell the students that Nina and Julia are doing work experience (see Background information). Invite a brief discussion by asking 'Do students do work experience in your country?' 'Do you know anyone who has done work experience?' ('Where did they work?' 'What did they do?' 'Did they enjoy it?') 'What are the good (and bad) things about doing it?' Then ask them to read the text quickly to find out where they did their work experience.

### 2 A2 Key for Schools Reading Part 3.

Checkmark In this part, students will need to read a text and choose the correct answer (A, B or C) for five questions. These five questions may be questions (*What kind of work did ...?*) or the first part of a sentence (*We learn that Nina and Julia ...*).

Tell the students to read the question or sentence beginning first and underline the key words. Next they should look for the answers in the text *without* reading the options (A–C). Then they should read the options (A–C) and decide which one best matches the answer. Do the first question as an open class example. If the students struggle to find the correct answer, ask 'After reading the introduction, do you know if they enjoyed their jobs?' (no) 'Do you know if they were sorry to go back to school?' (no) 'Do you know if they did different jobs?' (yes)

### BACKGROUND INFORMATION

The Universal Declaration of Human Rights states that children should be protected from doing any work which prevents them from receiving free primary education and that every country should establish an appropriate minimum age and regulate the hours and conditions. In the USA, you need to be 14 and you may not work more than three hours a day and 18 hours a week during the school year. In Europe, the minimum age is 13 and the work cannot be harmful to the safety, health or development of the child, nor should it prevent them from attending school and participating actively. In the

- 3 You can earn money and get exercise.

- 2 Ask the students to read the three offers, decide which they like best and then quickly discuss their choice with a partner. In the Talking points section, the students will talk in small groups about which job they prefer.

### MIXED ABILITY

Ask very weak students to read the dog-walking job offer only (Text 1). In Exercise 3, ask them to find the photo which goes with the offer they read and in Exercise 4, encourage them to answer questions 1 and 2 only.

### Answers

Students' own answers

- 3 Point out that there are three job offers but only two photos of jobs.

### Answers

1 A dog walking 3 B a paper round

- 4 Ask the students to try to answer the questions before they read the job offers again.

UK, research has shown that people who do not have part-time jobs as teenagers may not be well-prepared to take on full-time work; however, the number of teenagers taking on part-time jobs is falling. Some experts suggest this is because of the pressure to do well at school in order to get a good job in the future. Others say this is also due to a change in our habits; more people read the news online so there is less demand for children to do paper rounds.

### WARMER

Revise the jobs from Unit 6 by writing these anagrams on the board (answers given in brackets). The first letter of each word is a capital: cAtro (actor), rttaAs (artist), kCoo (cook), heraPootgprh (photographer), cChoa (coach), leMdo (model), hSop sssttanAsi (shop assistant), eNrus (nurse)

Then say 'A student in your country wants to earn some extra money while they are studying. Which of these jobs can they do?' Invite a brief classroom discussion and then ask 'Can you think of any more jobs they can do?' (e.g. *look after children, work in a café, bar or restaurant*)

- Pre-teach *pocket money* by asking 'What do you call the money your parents give to you?' Next, ask the pairs to describe what they can see in each photo. If necessary, point out that A is a dog-walker (someone who walks dogs) and B is doing a paper round (delivering

### Answers

Next, ask the students to look at the highlighted words in blue in the job offers again and try to guess the meaning of each one from context. Then, ask them to complete the sentences with these words.

### FAST FINISHERS

Allow fast finishers to work through Exercises 2–5 at their own pace. Then, in pairs, encourage them to take turns to choose a job offer and persuade their partner that they are the best person for the job.

85

Encourage them to take turns to interview each other for their jobs. The interviewee should also ask the questions they wrote to ask for more information.

Ask the students to return to their original groups, talk about who they interviewed for the job, their answers and then decide who the best person for the job is and why. Encourage the groups to report back to the class.

### Answers

### PROJECT EXTENSION

Extend the project before the stage where students write interview questions: ask the students to choose one of the class job offers, write a brief CV (Curriculum Vitae) and also write an email to apply for the job. Give the students a model CV to copy from and also a model email which applies for the job and asks for more information. Then, ask the groups to interview those students who have applied for their job.

### Summer camp

- When students have completed the lesson, they can watch the video and complete the worksheet.

### COOLER

Write *Advantages* and *Disadvantages* in two columns on the board and encourage the students to make a list of advantages and disadvantages of young people working part-time. For example, *advantages: you have money to buy things; disadvantages: no time to study*.

### » AUDIOSCRIPT PAGE 000

### TALKING POINTS

Ask the students to look at the choice they made in Exercise 2 and the reasons they wrote down. Point out that they can change their mind if they want, but they may need to rewrite their reasons. Then, in small groups, encourage them to compare their ideas and give their reasons why they'd like (and wouldn't like) to do the jobs on offer.

Alternatively, organise the students into groups of three, where Student A has to argue that job offer 1 is the best, Student B argues for job offer 2 and Student C argues for job offer 3. Give the students a little time to prepare their arguments and then encourage them to discuss their ideas.

### PROJECT A job offer

Ask the students to look again at the three job offers in

this lesson in pairs, think about what other information they'd like to know about each one, and write down some questions, e.g. *Doggie Walks* – *What do I do if the weather is bad?* *Help wanted* – *What are the other small jobs?* *Paper Round* – *Do I need to do the paper round by bike?*

Next, ask the students to read the instructions in bold. Check that they have understood them by asking 'What do you need to think of?' 'What do you need to write?' If you did the Warmer activity, ask 'Which of those jobs would be suitable for a Saturday job for a teenager?' and/or 'Can you think of any more suitable jobs?' Write a list on the board.

In small groups, ask the students to choose one of the jobs on the board and make notes under the headings (what the job is, experience, etc) in their notebooks. Encourage the students to produce a neat copy of their job offer. They could either do this by hand or as a slide for a presentation program. Point out that they can look at the three job offers in this unit for ideas.

Tell the groups they are going to need to find a person to do their job, so they should write four or five interview questions. Display the job offers (either on the classroom walls or use a presentation program to project them). Ask the students to look at each offer and write down one or two questions they'd like to ask about each one. Encourage them to look at the questions they wrote in preparation for this project to help them.

Reorganise the students into new groups so that they are working with people who wrote different adverts.

# CROSSING THE WORLD ON A RICKSHAW TO SEE THE OLYMPICS

**W**hen Chen Guan Ming was a young man, he never travelled far from his farm in a small village in China. But now he is famous for following the Olympic Games around the world in his three-wheeled rickshaw. The story began in 2001, when he heard that the games were coming to Beijing. He left his village and cycled 90,000 km all over China, visiting 1,764 cities before finally arriving at the famous Bird's Nest Stadium.

Then, he decided to travel to London for the 2012 Olympics. In 2010, he packed his things into his rickshaw and began his journey. He slept in his rickshaw and sometimes worked for food and money. Finally, he got to France, and caught a ferry to Britain. He only travels by boat or plane when there's no other choice.

When he arrived in London, he met lots of tourists and told them his story. Some people didn't believe him. Then he showed them the stamps in his passport, and the photos of himself at places like the Eiffel Tower in Paris and Petronas Towers in Kuala Lumpur.

After the London Olympics, Chen left his rickshaw in the UK and caught a flight home to plan his next trip – to the Rio Olympics. In 2013, he flew back to London. He put his rickshaw on a ship to Canada, and he took a plane there. A friend paid for his flight ticket. Then, he got on his rickshaw and rode to Brazil through the US, Mexico and Central America. The journey took three years. He had an amazing time in Rio and made lots more friends.

- 2 How far did he cycle to get to Beijing?
- 3 When did Chen leave home to go to London?

- 4 Did Chen go sightseeing during his journey?
- 5 Where did Chen go after the London Olympics?
- 6 Did Chen travel with his rickshaw to Canada?

3 Look at the irregular past tenses in purple in the article. Write the infinitives.

4 Do you know about any other long journeys? Would you like to do a journey like this?

### WARMER

Either project some pictures of people doing things on holiday onto the board or ask the students to look at the photos again in Exercise 1 page 46. Describe one of the pictures: 'Last year, I went on holiday. I had a fantastic time and I did lots of watersports' and ask the students to guess which photo you're describing, e.g. Is it photo H? Then ask the students to continue in pairs.

Student A: What's the infinitive of 'began'?

Student B: It's 'begin'. What's the infinitive of 'heard'?

### FAST FINISHERS

Fast finishers take turns to test each other on past simple irregular verbs:

Student A (book open): What's the past of 'begin'?

Student B (book closed) It's 'began'.

### READING

#### BACKGROUND INFORMATION

This article is based on a true story. Chen Guan Ming was a Chinese farmer from eastern China who travelled to three Olympics Games on his rickshaw to promote the 'Olympic spirit'. In 2017, he was on his way to the 2020 Tokyo Games when he died in a traffic accident. Chen Guan Ming thought he had achieved three Guinness Records: 1 he rode his tricycle up a mountain to 7,600 metres; 2 he rode his tricycle for the longest distance (over 150,000 kilometres) and; 3 he rode the smallest 'home on wheels'.

- 1 Tell the students that they are going to read about the journey of a Chinese man called Chen Guan Ming. Ask the students to look at the title and the photos and pre-teach *rickshaw* /'rikʃəʊ/ by asking 'How did Chen Guan Ming travel?' Then ask them to look at the map and guess which countries he visited. Ask the students to read the article quickly and underline the countries.

Students A read paragraph 1 and answer questions 1 and 2, Students B read paragraph 2 and 3 and answer questions 3 and 4 and Students C read paragraph 4 and answer questions 5 and 6. ### TALKING POINTS

- Ask the students to watch the video and complete the activities first. Then ask them to read the questions, think about their own answers and to make notes. ### SPEAKING

- 1 Encourage the students to write some notes about a real or imaginary journey by writing down when they went, where they went, who they went with, etc. Then ask them, in pairs, to take turns to tell their story including all the information and using the expressions in the useful words box. If time allows, encourage the students to create a presentation with real or found photos or drawn pictures and a map for homework and then to present it to the class.

Point out that there is an extra means of transport which isn't mentioned on the recording. Don't give the students the answers yet as they will compare their answers in Exercise 2.

### Answers

Students are given the answers in Exercise 2 after they have compared their answers.

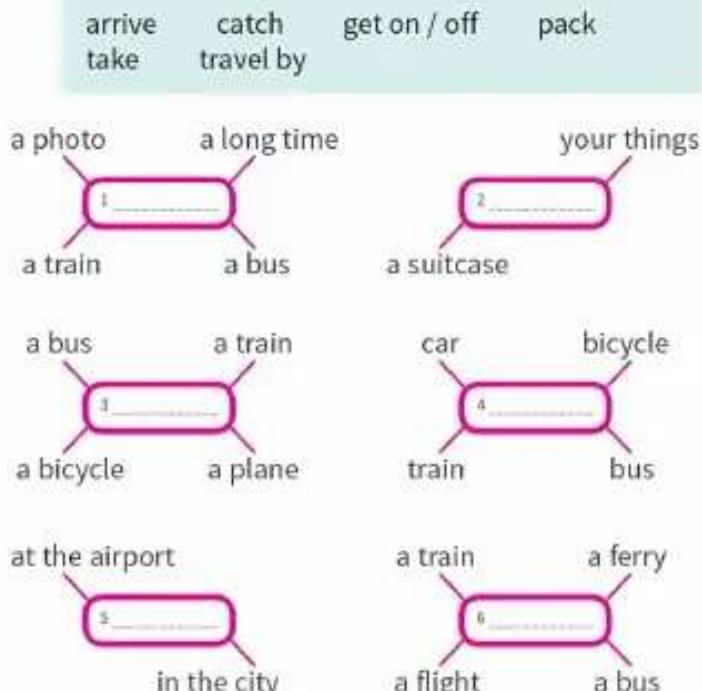

- 2 Ask the students to compare their answers to Exercise 1 in pairs and then allow them to listen again to check. With a weaker class, it may be necessary to stop the recording after each means of transport is mentioned. Then check the answers as a class pointing out that she didn't travel by plane. Invite a brief class discussion on why Marion says *It's funny ...* and encourage the students to talk about the advantages and disadvantages of flying and taking lots of different means of transport.

Ask the students to look at the article again on page 48. Tell them they are going to mime sentences from the text for their classmates to guess. Ask them to copy two sentences from the text into their notebooks. Demonstrate the activity first by saying: 'Watch me carefully. What sentence is this?' Mime the sentence *He heard that the games were coming to Beijing* and invite suggestions from the class.

When a student guesses the correct answer, ask him or her to come to the front of the class and to mime one of the sentences they have written down. Then ask the students to continue in small groups.

## 94 UNIT 7

- 2 Look at the verbs in the box and find them in the article. Then complete the phrases using each verb once only.

## Everyone needs a FAVOURITE PLACE

by Rebecca Grant

Today, I want to write about my favourite place. It's by the window in my bedroom. I've got a dark red armchair and a blanket. My grandma made the blanket for me when I was little. Next to the chair is a bookshelf with my favourite books, and there's also a little chest of drawers. On top of it, there are some stones I collected from the beach. I've got a few photographs on one side of the window and a mirror on the other side. I've got curtains on my window, too.

Do you have a favourite place at home? Is it in your

bedroom, or in the sitting room, or somewhere else? Maybe you don't have one, but you want to make somewhere you like special. Then here are a few ideas to help you create your special place.

- 1 Light is important in a room. Is there natural light or do you need a lamp?
- 2 You don't need a lot of furniture. A chair or an armchair is enough. Or you can put a few large cushions on the carpet in a corner. You don't really need anything else.
- 3 What colours do you like around you? Use something like cushions to give colour to your bed. Posters and blankets work well for colour too.
- 4 Now you can collect some favourite things to put in your special place.

63 Remember, no one is the same, so everyone's favourite place is different. Anyone can make their place special.

### WARMER

Ask the students to imagine they're at home in their bedroom; if appropriate ask them to close their eyes to do this. Ask them the following questions in a soft voice; tell them not to speak, but to think about their answers. 'Are you sitting or lying down? Where?' 'What can you see around you?' 'Is your room tidy or messy?' 'Have you got a table or a desk? What's on it?' 'Have you got a TV or a computer? Where?' 'What's on the walls? Have you got posters or pictures?' Now ask them to look at the About You section.

- 2 Before the students do this exercise, ask them to cover the words in the box and look at the photo again. Challenge them, in small groups, to name as many things as they can in three minutes. Begin the activity as a class, e.g. *lamp, mirror* ... Then ask them to find the words in the box in the photo.

- 4 Ask the students to work in pairs and discuss what they have in their bedroom. Encourage them to use as many words from Exercise 2 as possible.
- 5 Ask the students to look at the title of the article, the photo of Rebecca and to read the first two sentences. Then ask them to try to guess which of the things in Exercise 2 are not in her bedroom. As the students read, encourage them to underline the words and also tick them off either in the box in Exercise 2 or in their tables in Exercise 3.

## ABOUT YOU

If you did the Warmer, ask the students in pairs to compare their answers to your questions above. If you didn't do the Warmer, ask the students in pairs to ask and answer the questions in the book. - 6 Encourage the students to try to answer the questions before they read the article again. Ask stronger students to correct the wrong sentences. After checking the answers, encourage the students to react to the text by asking 'Do you agree with her ideas?' 'Would you add anything to her list?' If time allows, invite a class discussion on room design principles, in particular *feng shui* (see Background information below) and whether the students think these principles are important.

### Answers

### BACKGROUND INFORMATION

*Feng shui* is a Chinese belief that the way spaces are organised bring happiness, health and success to the people who live there. It was developed in China over 3,000 years ago. In room design, to achieve good *feng shui*, the room should be cleared of clutter, which means getting rid of all unnecessary objects. There should also be natural air (open the window often) and light. The walls should not be painted in a dark colour, and any photos should be of happy people.

## GRAMMAR

### someone, anyone, etc.

- 1 Instead of asking the students to do the matching immediately, you could first ask them to cover a-c and to look at 1-3 and say what each group has in common: 1 they are talking about people; 2 they are talking about places; and 3 they are talking about things or objects.

### Answers

1 c 2 a 3 b

- 4 Point out that in sentences 2 and 3, the students will need to look at the verb. If it is negative, they should use *anything*.

### Answers

- 1 anything 2 anything 3 anything 4 something  
5 everything

- 5 Point out that A2 Key for Schools students often make mistakes with *someone, anyone, etc.* and that they should look for one mistake with these words in each of these sentences. It may be necessary to remind students with verbs in the negative (sentences 1, 2 and 4), we use *any-* and not *no-*.

### Answers

- 1 I don't have **anything** to do next weekend.  
2 You don't need to bring **anything** else.  
3 You can write **anything** you like.  
4 I can't see **anyone**.  
5 I want to buy **something** at the supermarket.

### FAST FINISHERS

Encourage fast finishers to work through Exercises 3-5 at their own pace. Then, ask them to choose some of the questions and sentences from these exercises and, in pairs, turn them into mini conversations. When the others are ready, they can perform their conversations to the class. For example:

- A: Did **anyone** come to your party? (Exercise 3 question 0)  
B: Yes, lots of people came to my party.  
A: It's very dark. I can't see **anything**. (Exercise 4 question 3)  
B: Shall I turn on the lights?

- 6 A2 Key for Schools Reading Part 1.

 In this part, students will need to read six short texts (short emails, text messages, web messages or notices) and then choose the correct answer (A-C) for each one.

Pens down. Ask the students to look at each text quickly and say what type of text each one is (1 shop advertisement, 2 email, 3 text message, 4 personal

- 2 If necessary, point out that there are only six examples in the article (Exercise 5, page 50) and none of them begin with *no-*. With a very strong class, encourage them to discuss the difference in meaning between 4 *Anyone can ...* (= everyone, it doesn't matter who) and 5 *You don't need anything else* (= nothing).

## 1 Gemma Blake, painter

Last summer, I spent four weeks on the north-west coast of Scotland in a little house by the sea. In the evenings, I sat by the open window and listened to the sound of the wind and the waves. It was wonderful. After breakfast, I went out to paint and draw; I always had lots of ideas for pictures. Most days, I didn't see anyone except my neighbour. He was a fisherman. He really liked my work, and I sold him a drawing for his wall.

## 2 Susie Grey, singer-song-writer

I grew up in a small town in Canada. My grandma took me for walks and told me everything about the animals and plants there. When I was 19, I went to music school in Toronto. At first, I loved the big city. Then I started writing my own songs about, guess what, nature in and around my home town. So, five years ago, I moved back, and now I don't want to live anywhere else.

## 3 Paul Davidson, dancer

I started dancing when I was very young. It was hard work, but I was good, and I danced with famous companies in Russia, the USA and Europe. I didn't really have a home, so when I had enough money I bought a tiny flat in London. I love it there. The world of dance is busy and tiring, and it's great to be able to get back to my flat. I close the door, lie on my bed and listen to music.

### MIXED ABILITY

Encourage stronger students to write more words on their own. With weaker students, write Tom's description on the board. Ask them to come to the board and underline expressions they can use in their own paragraph, e.g. *My favourite place is ... I like going there ... because ... I like ...*. Then rub out all the other words and encourage these students to think of words to complete the paragraph, e.g. *My favourite place is the park. I like going there on Saturday afternoon because ...*. Finally, rub out these new words again and ask these students to write at least 30 words about their favourite place using the words on the board.

**IMPROVE** Tell the students to check each other's spelling and punctuation and that they have correctly used *because* and *so* (as well as *and*, *but*, *or*). Ask them if they can give each other ideas to help them improve their final version.

### COOLER

Copy this table onto the board. Organise the students into small groups and challenge them to write as many correct sentences in the present or past as they can, using one word from each column, e.g. *I often draw pictures when I go to the beach*. Allow them about five minutes.

A description of a favourite place

**GET READY** Read about Tom's favourite place.

- What does he like doing there?

Read the text again and underline *because* and *so*.

Think about how Tom uses these words to join ideas in a sentence.

My favourite place is the beach. I like going there in the afternoons because all my friends go there then. I like feeling the sand under my feet, so I take off my shoes and walk along the beach. I love the sound of the birds and the sound of the sea. It's amazing!

Now join these sentences using *so* or *because*.

#### Safety at home

What is safety at home?

- Being careful with hot drinks or hot food
- Taking care with broken glass
- Never leaving things on stairs

## TIPS TO BE SAFE AT HOME

Homes are wonderful places. We can rest, study, play games and spend time with our friends and family in our homes, but there are dangers there too.

Here are some ideas to help keep safe and happy at home.

1 Look at the signs and answer the questions.

- 1 What do you think each sign means?
- 2 Where can you see each sign?
- 3 What does a fire extinguisher do?

2 Look at the photos. Match the photos A-G to the words 1-7.

- |           |          |           |
|-----------|----------|-----------|
| 1 lighter | 4 heater | 6 stairs  |
| 2 rug     | 5 iron   | 7 matches |
| 3 knives  |          |           |

2

- › Don't leave books, bags, shoes or other things on the stairs.
- › Turn the light on when you use the stairs.
- › Don't run upstairs or downstairs.
- › Make sure rugs don't move.
- › Be careful when the floor is wet.
- › Don't stand on chairs or tables.

## BACKGROUND INFORMATION

According to the website of the British charity ROSPA (Royal Society for the Prevention of Accidents), more accidents happen at home in Britain than anywhere else, most commonly in the living room. There are around 6,000 deaths a year because of these accidents at home. The most common accidents are falls; while over 65s can fall anywhere in the house, children tend to fall on stairs or from windows. Accidental poisoning and burning are common, especially among young children.

## WARMER

Books closed. Write the words below on the board and ask the students to put them in order to make three sentences (these are the sentences from the Life skills box at the top of page 54).

- with / Being careful / or / hot drinks / hot food
- with / broken glass / Taking care
- on / Never / leaving things / stairs

Next ask 'What do you think the unit title is?' If necessary, write the following on the board to help them: S\_\_\_\_\_ at h\_\_\_\_\_. Then, invite a brief class discussion on why the students should do these things by asking 'Why should you be careful with hot drinks/hot food/broken glass?' You could also introduce some of the information in the Background information box above as a quiz, e.g. Where do most accidents happen - at school or at home?

3

- Use scissors and knives carefully.
- Be careful with broken glass or mirrors.
- Don't touch sharp, metal objects.

## WHAT TO DO IN AN EMERGENCY

- 3 Ask the class to read the text title and the introduction and ask 'What is a tip, do you think?' (*a piece of useful advice*) Next, ask them to look at each photo, describe what they can see in pairs, and say what they think each tip is about (without reading it for now). Then, ask them to read the tip, check their ideas and think of a suitable heading for each one before they look at the words in the box. Finally, ask them to share their opinions on the tips with their partner.

## MIXED ABILITY

Ask weaker students to read one paragraph only and match it to one of the words. In Exercise 4, they will need to work with students who have read the other paragraphs.

Encourage the students to take turns to ask and answer these questions in small groups and also share their opinions on some of the things on the board, e.g. do they agree with the tips?

- 6 Ask them to look at the photo of the man at the bottom of page 55 and ask 'What's his job?' Encourage them to think of possible dangers in each of the rooms in the house and write them down. Ask the groups for their ideas and write them in the appropriate room in the house in the board.

Ask the groups to either choose one room or the whole house, to choose four or five dangers and also possible ways we can prevent the danger. Ask the groups to read the points in the Project box and to put together a leaflet. Remind the students that they will have to reach an agreement here on both the content and also who will do what, e.g. *What title will we choose? Which ways to stay safe shall we include? Who will find the pictures?* Encourage them to use the expressions in the Useful language box in Exercise 8 on page 32.

### COOLER

Write some dangers on the board and encourage the students to draw a sign for at least three of these (or they can use their own ideas), e.g. rocks falling, weak bridge, dangerous chemicals, wet paint, broken window, construction area, wet floor, dangerous animals. ### 1 A2 Key for Schools Reading Part 1.

- In this part, the students need to read six short unrelated texts (short emails, text messages, web messages or notices) and choose the correct answer (A–C) for each one. First, ask the students to look quickly at each text and say what each one is (1 a postcard, 2 a notice, 3 a text message, 4 probably a banner on the hotel's website, 5 a notice and 6 a text message). Then, ask them to read each text carefully first before they read and answer each question. Encourage stronger students to say why the other options are incorrect.

### Answers

## SPEAKING

### 1 With a weaker class, help the students by giving them the first word or words of each question. Then, remind them to give full answers when they ask and answer the questions in pairs.

### Answers

- 1 Do you live in a flat or a house? / Do you live in a house or a flat?
- 2 How many rooms are there in your home?
- 3 How many brothers and sisters do you have?
- 4 Is your bedroom big or small? / Is your bedroom small or big?

### 2 A2 Key for Schools Speaking Part 1 Phase 2.

- In this part, both candidates are first asked the following questions *What's your name?*, *How old are you?* and *Where do you live?* Then, candidates are then asked questions on two different topics e.g. their home, school, hobbies, etc.

In Phase 2, the examiner begins by saying *Now let's talk about ...*. One of the topics might be 'your home' and then the examiner will ask each candidate in turn two questions related to the topic, e.g. *Who do you live with?* or *Where do you watch TV at home?* One of the candidates is then asked another question like *Please tell me something about what you like doing at home?* and encouraged to give a longer answer. The examiner then repeats this phase with another topic (e.g. school, sports) and the other candidate is asked the second extended response question.

## COOLER

Write the titles from Units 5–8 in four columns on the board again (see Warmer). Then, say one of the words from the Vocabulary section in this Review section and invite a student to write it in the correct place on the board. Continue with more words. If appropriate, organise the students into teams and award points for correctly spelled words in the right column. If time allows, then ask the students to play the game in small groups. Each student writes the unit titles in four columns in their notebook. Then, they take turns to call out the words and write them down in the correct column.

First, encourage the students to look back at Unit 8 Vocabulary and Reading My Room page 50 and make some notes about their own room before they speak to their partner. If time allows, ask all the students to do the fast finisher activity below.

### FAST FINISHERS

The girl is wearing yellow clothes and the boy is wearing bright yellow clothes.

- 3 Ask the students to choose one item of clothing for each colour. Remind them that we use *bright* and *pale* before the colour, e.g. *pale green* (not *green pale*). Also point out that *light* is a near synonym of *pale*.

#### Answers

For example, find as many pale things as possible in 30 seconds / find eight pale things in the classroom / find pale things beginning with s.

#### Pronouns and determiners

- 1 Books closed. Copy the table onto the board with the gaps in the Pronouns column. Write the determiners (*my, your, his, etc.*) in a different colour and circle the determiner + object (e.g. *my trainers, your swimming shorts*). Invite students to come to the board and write a word in each gap which replaces the circled determiner + object (e.g. *mine* replaces *my trainers*). Rub off the answers and ask the students to complete the table in their book.

### Answers

Are they yours?

It's his.

Are they hers?

It's ours.

They're theirs.

also point out that *mine* is always singular; we never say *Those shoes aren't mines*.

### Answers

- 1 You can borrow my book.  
2 I think you can buy a pair of trainers like mine.  
3 I like it because its colour is bright blue.  
4 The cap isn't mine. It's my brother's.  
5 The clothes on the bed are all yours.

- 5 Put the students into small groups with a desk or a table in the middle. Ask them to put three or four of their smaller possessions (pen, pencil, pencil case, rubber, etc. but not something valuable) onto the desk or the table. Ask the students to read the words in the box and then demonstrate an example with a stronger student:

Teacher: (picks up a rubber) Ana, is this yours?

Student: No, it isn't mine. It's his. (points at a male student) Mine is long and thin.

Repeat Exercise 5 as a whole class. Collect one object from each member of the class and put them on a table at the front of the class. Invite students to take turns to come to the front and ask questions about the objects on the table. With stronger students, encourage them to ask follow-up questions: *Where did you get it? When did you get it? Do you like it? Why? Was it a best buy?*

### WARMER

Play Pictionary. Begin to draw one of the items of clothing from Exercise 1 page 58 and encourage the students to put up their hands and guess what it is by asking *Is it a ...?* Next invite a student to come to the board and draw a picture for the class to guess. Then, encourage the students to continue in small groups.

With a mixed ability class, copy these sentences onto separate strips of paper with the numbers:

- 1 Are all these clothes ours?
- 2 We've got so many clothes.
- 1 Excuse me. Are these sunglasses yours?

Make enough sets of strips for groups of four (stronger and weaker students) to have one set each. Ask the groups to match each Sentence 1 to a Sentence 2. Then, ask them to find the pronoun and to say why it is used, e.g. *We use 'yours' with 'you'*.

### READING

1 Look at the photos A–E. Which item of clothing do you like the best? Why?

2 Read the article and match the photos A–E to the paragraphs 1–5.

THEY'RE MADE OF ...

# WHAT ?

Are you wearing a pair of leather boots? Is your jumper made of wool? Are your shorts made of cotton? Sorry, that's not cool! You need to wear clothes made of something else.

**1** What do you do with your old tin cans? Do you recycle them? What happens to them next? Well, some people use them to make clothes. This dress is made of metal from old food cans. It looks good, but maybe it's a bit noisy when you move.

**2** Cork comes from the outside of some trees in countries like Portugal and Spain. We usually find corks in the top of bottles, but you can use cork for other things too. Did you know you can use it to make clothes, handbags, hats and shoes? It's very popular in the big fashion houses.

**3** What do you do with your plastic knives and forks after your picnic? Do you recycle them? Do you collect them? Some people do. In fact, they make jewellery out of them. Can you believe it? This designer has made hers into an amazing hat and necklace.

**4** This dress won a prize in the yearly Toilet Paper Wedding Dress contest! You need a lot of toilet paper and, of course, you don't want to go out in the rain when you're wearing it.

**5** Everyone needs shoes and lots of people drive cars. When you change your car tyres, why not use the old ones to make ... shoes! They are easy and cheap to make, and they don't look bad.

3 Read the article again and choose the correct answer.

The article is about:

- a what to do with old clothes and jewellery.
- b making things to wear out of unusual things.

c how to make cheap clothes and jewellery.

#### 4 Now answer these questions.

- 1 What is the dress in photo B made of?
- 2 What can you make with cork?
- 3 What is the hat in photo A made of?
- 4 Why should you be careful when you wear the dress in photo C?
- 5 What are tyres usually used for?

## 60 UNIT 9

### TALKING POINTS

Would you like to wear any of the clothes and jewellery from the article? Why? / Why not?

What do you do with your old clothes when you don't wear them anymore?

## 116 UNIT 9

### READING

#### BACKGROUND INFORMATION

When producing clothes, **Sustainable fashion** (or **eco-fashion**) takes into account the impact the process might have on both the environment (e.g. the chemicals used and their effects) and also on the people who work for the clothes manufacturer (e.g. over 1,000 people died after a fire in a clothes factory in Bangladesh. The building had too many floors and couldn't support the heavy machinery).

**Recycling:** According to the Environmental Protection Agency in the USA, people throw away over 30 kg of clothes a year, even though most of these could be recycled. Recycling helps in different ways. It reduces our use of natural resources such as water, which is used to grow cotton. It also reduces our need to use chemicals, which are needed to make new clothes.

**Upcycling** (or **Creative Reuse**) is turning unwanted products into something useful. In fashion, upcycling might mean turning a pair of curtains with an attractive design into a fashionable dress, or even turning old electrical wire into jewellery.

### TALKING POINTS

Take a class vote first on the clothes by asking the students to vote for their favourite photo (A–E). Then organise the students into small groups to discuss the questions. If appropriate, encourage a class discussion on sustainable fashion (see Background information above), e.g. *Don't throw away your clothes. Buy secondhand clothes or from eco-friendly shops.*

Tell the stronger students that there may be some words they don't understand, but they should try to match the texts (1–5) to the photos (A–E) by looking at the key words they do understand (e.g. text 2 mentions *hats*, so it must go with photo E).

With the weaker students, pre-teach the more difficult words, e.g. *cans*, *cork*, *plastic*, *knives*, *forks and spoons*, *jewellery*, *toilet paper* and *car tyres*. Do this by asking the students to find these things in the photos (A–E) before they match the texts (1–5).

Next brainstorm a list of unusual materials onto the board and encourage the students to make as many sentences as they can using *made from* and *made of*.

### FAST FINISHERS

Encourage fast finishers to work through this section at their own pace. When they have finished Exercise 3, they challenge each other to find objects made of the materials in Exercise 1 in the classroom.

- 7 Brainstorm some ideas onto the board by asking 'Do you prefer shopping in department stores or small shops?' 'Do you prefer the town centre or the shopping centre?' 'What sorts of things do you usually buy?' 'Do you prefer to go shopping with your family or your friends?' 'Do you ever buy things online? What? Why?' 'When are there usually sales? Do you usually buy things then?' Then allow the students five minutes to make notes on their own answers. Encourage them to use *some*, *any*, *a bit of*, *a few* and *a lot of*. They discuss their answers in pairs or small groups checking that the other members of the group have used *some*, *any*, *a lot of*, *a few* or *a bit of* correctly.

### MIXED ABILITY

Pair up a stronger student with a weaker student. Ask the weaker student to interview the stronger student first using the questions above. Encourage the stronger student to use *some*, *any*, *a lot of*, *a few* or *a bit of* in their answers. Next ask them to write down six sentences together using the stronger student's answer. Then ask each pair to work with another pair (now a group of four) and to compare their answers as above. You could ask each pair to write some true and some false sentences for the other pair to guess which are true and which are false.

### COOLER

Organise the class into teams. Say an object from Unit 9 or 10 and ask each team to make a sentence with *some*, *any*, *a lot of*, *a few* or *a bit of* and the word. Give a point to the team with the longest sentence. For example:

Teacher: *leather boots*

Team A: *There are a lot of leather boots in the department store.* (11 words > 1 point)

Team B: *My mum hasn't got any leather boots.* (8 words)

3 A lot of people came.

- 5 Tell the students to underline the stressed syllables and circle the /ə/ sound first in each sentence in Exercise 3. Then Student A taps a regular rhythm while Student B says the sentence and then they swap roles.

## TWO YOUNG ENTREPRENEURS TO WATCH

**Bella Tipping** is Australian. She got the idea for her website while she was on holiday with her family in the US, when she was 12 years old. Bella and her mum talked about their experience. Her mum said the vacation was great. When Bella didn't agree her mum was really surprised. Bella said a lot of things in the hotels and restaurants were for adults not children. The places didn't think about what children wanted or needed. So, Bella started her website called Kidzcationz, where children can post their reviews of hotels and restaurants. Now, when families are planning their holidays and looking for places to stay and eat, they can look at the Kidzcationz website first to see which places are best for children.

## 64 UNIT 10

### 124 UNIT 10

#### WARMER

Write *Buying and selling online* on the board. Organise the class into teams and challenge the teams to write a list of things that the students often buy online and a list of things they *don't* usually buy online. Allow them two or three minutes to do this. If appropriate, award points for each thing. Write the ideas on the board in two columns. Then, invite a brief class discussion on the advantages and disadvantages of buying online.

#### BACKGROUND INFORMATION

Both Cory Nieves (Mr Cory's Cookies) and Bella Tipping (Kidzcationz) are real young entrepreneurs with real websites. Cory now works with several other companies and brands including department stores (e.g. Macy's) and supermarkets (Whole Foods). Part of his company has been bought by an American businessman. He donates part of his profits to local children charities. On the website, his single mother Lisa has written a letter of support and encouragement to other single mothers. On her Kidzcationz website, Bella Tipping takes internet security very seriously: reviewers' identities are protected and cannot be contacted directly. She also encourages reviewers to highlight places that support adults or children with special needs.

Other child entrepreneurs include Gabrielle Goodwin (hair accessories), Sebastian and Brandon Martinez (socks), Amber Kelley (Cook with Amber YouTube Channel), Ryan Kelly (dog treats) and Mikaila Ulmer (Life Skills on page 98 in this book includes an article about Mikaila's lemonade company).

#### READING

- 1 Encourage the pairs to imagine that they would like to start their own online business and ask them to answer these questions: *What would you sell? How would you do it? Would you use a website like eBay or would you create your own online store?* Then invite a brief class discussion on people they know (including family members) or local shops or businesses who have sold things online (*What do they sell? Are they successful?*).

#### Answers

Students' own answers

- 2 Ask the students to look at the photos, the profiles and the title and try to guess what *entrepreneur* means (/ən'tra.p्र'nə:s/ someone who starts their own business, especially when they see a new opportunity). Then ask them to read the article quickly and complete the information on the profiles.

#### MIXED ABILITY

For Exercises 2 and 3, divide the students into two groups. Students in group A read about Cory Nieves and those in group B read about Bella Tipping. Pair up a stronger student with a weaker one in their group and ask them to complete the information about either Cory or Bella in Exercise 2 and answer the questions about their entrepreneur in Exercise 3. Then ask each pair in group A to sit next to a pair in group B and to share their information.

#### Answers

Mr Cory's Cookies  
It sells cookies
- 2 Bella Tipping  
Australia  
Kidzcationz

- 3 Encourage the students to try to answer the questions before they read the texts again. Remind them to answer the questions in full sentences.

#### Answers

- 3 They made chocolate chip cookies first.
- 4 Cory and his mum still try out the recipes themselves at home.

**VOCABULARY****Phrases with for**

- 1 Write the sentences with *for* on the board and ask the students to replace the phrases with something similar (e.g. *for just over a dollar/a euro/75p, for parties/picnics/lunch*). Encourage them to think about the different uses of *for* before they look at the meanings in the exercise.

**Answers**

- 1 for the next day.
- 2 for cookies
- 3 for just over a dollar each.
- 4 for parties.
- 5 for his website Mr Cory's Cookies.

- 2 Encourage stronger students to read the sentence beginnings first and try to complete them with *for* (1–5) and an expression before they read the endings (a–e). Alternatively, with books closed, dictate the sentence beginnings to the class and then ask them to try to complete them in pairs.

**Answers**

- 1 d
- 2 c
- 3 e
- 4 a
- 5 b

- 3 Encourage the students to think about what sort of word is missing using the meanings in Exercise 1 (e.g. 1 payment, 2 occasion, etc.) before they look at the words and phrases in the box.

**FAST FINISHERS**

In pairs, ask fast finishers to write some true sentences about themselves on strips of paper using the different phrases with *for*. Then they cut their sentences in halves where the second half begins with *for* (see Exercise 2). When the others are ready, they pass their strips to groups of students to match the sentence halves.

**Answers**

- 1 two pounds.
- 2 her birthday.
- 3 its tasty cookies.
- 4 tomorrow.
- 5 entrepreneur

**» VOCABULARY WORKSHEET UNIT 10****LISTENING****1 A2 Key for Schools Listening Part 4.**

- In this part, students listen to five short conversations or monologues and answer a question about each one by choosing the correct answer (A, B or C). Ask the students to read each question carefully and if appropriate, underline the key words. Point out that the students will probably hear information about all three answers, but only one is correct. Play the recording at least twice. If the students find this too difficult, play the recording again.

**» AUDIOSCRIPT PAGE 000****WRITING****PREPARE TO WRITE****A story**

**GET READY** With a stronger class, write the time expressions *after that, after two weeks, six days later* and *finally* on the board and ask these students to retell the story from memory after they have read it. With a mixed ability class, after they have read the story, pair up a stronger student with a weaker student. The stronger student retells the story with their book closed; the weaker student provides clues with their book open, e.g. *After that he waited ..., Six days later, it ...*

**PLAN** Remind the students (especially the weaker ones) that they can use the story about the jacket as a model to answer these questions, but that they should change the information, e.g. they didn't want to buy a *jacket*, they wanted to buy a *T-shirt*. With a mixed ability class, pair up a weaker student (A) with a stronger student (B). Student A reads out the questions, Student B answers the questions, and Student A writes down the answer. With a very weak class, brainstorm answers to these questions together and write notes on the board.

**WRITE** If you brainstormed the notes together as a class on the board, now ask the students to link the notes together. Remind them to begin with *I wanted to buy ... etc.*, use the time expressions and write about 50 words.

**IMPROVE** Remind the students of their most common mistakes, e.g. with the past simple, the position of adjectives, the use of possessive pronouns.

**Answers**

Students' own answers

**COOLER**

Write sentence 1 in Exercise 1 on the board. Challenge the students in groups to write as many new sentences as they can using the *for* expression within a time limit (about two minutes), e.g.:

*Cory sells his cookies for just over a dollar each.*

*Burger King sells hamburgers for just over two euros each.*

*My brother is selling his bike for just under 80 euros.*

Then write sentence 2 on the board and set a time limit. Continue in the same way with the remaining sentences.

the students find this exercise difficult, photocopy the audioscript. Ask them to read it and both find the answer and also find where the other options are mentioned and why they are not correct.

## SHOPPING

1 In pairs, discuss the questions with your partner.

- 1 Is your home or school near a shopping centre, farmers' market or charity shop?
- 2 How are small shops and shopping centres different?

2 Read about shopping in different countries. Where do you do your shopping?

### FACTFILE Shopping

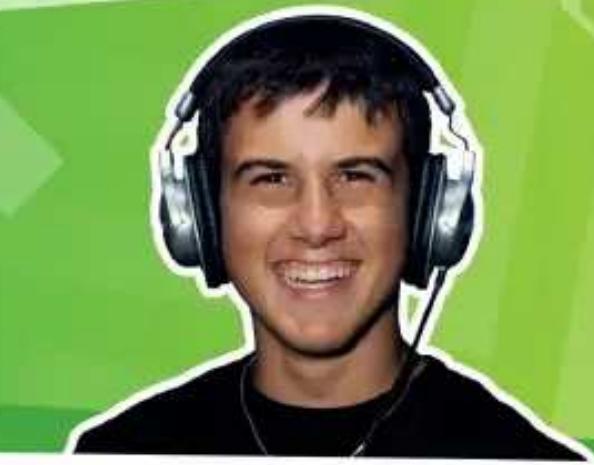

Shopping is an important part of people's lives. People often want to buy different things at good prices. In English-speaking countries, these types of shops are popular:

- ★ **Charity shops:** People give these shops clothes, books and other things they don't use or want anymore. These shops then sell these things to other people. Charity shops give the money they make to help others.
- ★ **Farmers' markets:** In these markets, farmers sell fruit, vegetables, cheese, honey and other local items.
- ★ **Shopping centres:** These are big, modern buildings with lots of shops and places to eat. In the United States, shopping centres are called 'malls'.

## SHOPPING SURVEY

We asked three teens in three different countries 'Where do you do your shopping?' Here are their answers.

**1** **Mark, age 14**  
Seattle, USA

**Where:** Northgate Mall, near Seattle

**Why?** I shop at Northgate Mall because there are lots of different stores and places to eat. I like listening to music and there is an excellent choice of technology stores in the mall. I also like Northgate Mall because it is near my house and I can walk or cycle there. I don't have a lot of pocket money, but I don't mind because I can look at things in different shops and go window shopping!

**2** **Karen, age 13**  
Dublin, Ireland

**Where:** Charity shops on Camden Street, Dublin

**Why?** I haven't got a lot of pocket money, so I need to shop carefully. Every penny counts! One way I save money is shopping at charity shops. I love going shopping in Dublin and I really love Camden Street. Some of the charity shops only have clothes people donate, but others have jewellery, other accessories and furniture.

**3** **Darren, age 13**  
Ta' Qali, Malta

**Where:** Farmers' Market near Mdina

**Why?** I love cooking and sometimes I go with my mum and dad to the Ta' Qali Farmers' Market to get fresh fruit and vegetables. The food at the market is from local farms and my parents say the prices are great. We buy special Maltese honey at the

## BACKGROUND INFORMATION

**Charity Shops:** In the 19th century, the Salvation Army used to sell secondhand clothes. (The Salvation Army is an organisation which helps the poor.) Oxfam (Oxford Famine Relief) opened the first charity shop in Oxford in 1947–8 to raise money to reduce famine in Greece. There are now around 10,500 charity shops in the UK. Even the department store Harrods, a luxury department store in London, opened a temporary charity shop for a month called 'Fashion Re-told'. It sold designer clothes and accessories donated by customers, employees and brands to raise money for the UK children's charity NSPCC (National Society for the Prevention of Cruelty to Children).

**Farmers' markets:** While public markets tend to take place in a permanent structure often on a daily or weekly basis, farmers' markets take place less frequently. In a farmers' market, you buy directly from a local producer and most of the profit from the sale goes directly to them. Modern farmers' markets started to appear in the 2000s when people began to look for fresher, more seasonal products and also for homemade cakes, jam, bread, cheese, etc.

**Shopping centres / malls:** Most of the biggest shopping centres in the world are in Asia where land is cheapest. The Dubai Mall, for example, is the size of 50 soccer pitches and has over 1,200 shops, 22 cinema screens, 120 restaurants and cafés, an aquarium, an ice rink and a hotel.

## WARMER

Write on the board *In our shopping centre there's a ...*. Check that the class understand *shopping centre* by asking 'What's the name of the shopping centre in [name of place]?' Next, begin the activity by saying '*In our shopping centre there's a sports shop and ...*' Encourage a stronger student to continue, e.g. *In our shopping centre there's a sports shop, a clothes shop and ...*. Then, encourage other students to continue adding more shops to the sentence. Continue this activity either as a whole class or in small groups.

- Books closed. Write *charity shop*, *farmers' market* and *shopping centre* on the board in three columns. Ask the students in small groups to try to write at least three things they can buy in each one. If they don't know the meaning of the places, they should make a guess. Books open. The students read the factfile at the top of the page and check their ideas. Next, ask them to take turns to ask and answer the questions in Exercise 1.

## Answers

- Students' own answers
- Small shops: sell one sort of thing, such as clothes or books; help you choose your shopping; are often in villages, towns, cities; Shopping centres: have lots of different shops and different things for sale in one place; are often found outside city centres.

- If necessary, pre-teach *shopping survey* by encouraging the students to read the introduction to the text and asking 'What do you think a survey is?' (*asking different people about their habits or opinions*) Next, ask them to look at the photos (without reading the answers) and try to predict where the people do their shopping and why. Then, ask them to read the three answers and check their ideas. The students will talk more about where they do their shopping in Talking points and also in the Project section.

- 4 Ask the students in pairs to read the sentences and try to say if they are right or wrong before they read the texts again.

**MIXED ABILITY**

Encourage the stronger students to correct the wrong sentences. Fast finishers can write some right or wrong sentences. When the others are ready, the fast finishers read out their sentences. With weaker students, first ask them to read the sentences and decide which text each sentence refers to (Text 1 – sentences 1 and 2, Text 2 – 3 and 4, Text 3 – 5 and 6). Next, do the exercise as a group by highlighting the sentence in each text which gives the answer and asking the students to say whether the sentence in the exercise is right or wrong.

**Answers**

**TALKING POINTS**

As a class, brainstorm some reasons why people shop at the three places in the survey. Then, organise them into small groups and ask them to take turns to ask and answer the questions. Remind them to say why.

**FAST FINISHERS**

Encourage fast finishers to write more questions and to try to use some of the new grammar from Units 1–10, in particular the past simple. Also ask them to help those groups which are struggling to write five questions.

Ask the students to draw a table on a piece of paper and to write their questions in the left-hand column. They should include six columns to write different people's answers.

Reorganise the class into new groups where each member has a different set of questions. Ask them to take turns to ask and answer their questions, but point out that they need to write down the answers in note form. Encourage the students to think of at least two people outside the class they can ask these questions.

If appropriate, encourage the students to present their results using graphs, pie charts, etc.

**PROJECT EXTENSION**

Ask the students to look at the three texts again and encourage them to produce a profile about themselves using these as a model. In their profile they should include their name, their age, where they are from and they should answer the questions: *Where do you usually do your shopping? and Why?* These profiles can either be handwritten and displayed on the walls or presented together on a program like PowerPoint or put on a class or school blog.

## WARMER

Write *food and drink* on the board and play the alphabet game. Challenge the class to think of a type of food or drink for as many letters of the alphabet as they can.

## ABOUT YOU

Pre-teach *eat out*: have the class look at the photos and text titles in this unit and ask 'Are the people in this unit eating at home? (no) 'Where are they eating?' (*in restaurants or at a food market; they're eating out*). Point out that *eating out* is eating in a restaurant, a café or at a stall and not eating outside. If necessary, also pre-teach *fast food* by asking 'What do we call the food in places like McDonalds, Burger King, [fast food places in the students' country], etc.? (*fast food*) Then ask the students to take turns to ask and answer the questions in pairs.

### Food

- 1 Ask the students to look at the photos first and try to name as much of the food as possible before they look at the words. As the students repeat the words, check that they pronounce the following correctly: *chicken* /tʃɪkɪn/, *kitchen* /'kɪtʃən/ (is where we cook), *vegetable* /'vedʒ.ə.bəl/ (with three syllables), *tomato* /tə'ma:təʊ/ (the *a* is pronounced /a:/ in British English), and *strawberry* /stra:b.rɪ/ (the *e* is often silent). Check students understand the meaning of *main course* and *dessert* (/dɪ'zɜ:t/) by asking for examples of each one. If time allows, ask the students

## Answers

A mushroom B pasta with tomato sauce C strawberry  
 D cream E soft drinks F cola G chicken legs H salad  
 I grapes J fresh vegetables K lemonade L mineral water  
 M burger

- 2 Encourage the students to do this exercise in pairs leaving out the words they don't know. Point out they can use the words in both the box and also in the advertisements. Then go over the answers as a class and encourage a volunteer to come to the board and draw a picture of each recipient (a bowl, a glass, etc.).

## Answers

a bowl of ice cream/rice/salad/pasta/fruit salad  
 a glass of (mineral) water/cola/juice/lemonade/soft drink  
 a bottle of (mineral) water/cola/juice/lemonade/soft drink  
 a piece of cake/cheesecake/pizza  
 a slice of cake/cheesecake/pizza  
 a plate of chips/pasta with tomato sauce/chicken legs

- 3 Ask the students to read the example first and use it as a model for their own conversation. With a stronger class, brainstorm a list of appropriate questions onto the board, e.g. *What's your favourite food? What's your least favourite? Which food do you like on the menu? Which food don't you like? Are you hungry now? Do you want to eat or drink anything on the menus right now?* Then encourage them to take turns to ask and answer these questions.

## Answers

- 4 Pre-teach *healthy* by asking the students to say which of the food and drink in Exercise 1 is healthy and which is less healthy. Explain that *popular* means that a lot of people like it.  
 Ask the students to read the sentences first and then look for the answers in the advertisements. Encourage stronger students to correct the wrong sentences.

## Answers

1 ✗ (The party rooms are the same size – they both hold thirty people.) 2 ✓ (We play all your favourite music videos while you eat.) 3 ✓ (There are fresh vegetables, salad, fruit salad and fruit juice.) 4 ✗ (Pizza Palace is cheaper than Easy Burgers.) 5 ✓ (There is more variety.) 6 ✓

The Reading text is recorded for students to listen and read.

## GRAMMAR

### as ... as

- 1 First ask the students to look at the photo and say what the girl, Nicky, is thinking about. Ask them to read what she says and say if they agree or disagree with her. Then ask them to find and, if appropriate, underline *as ... as* in the speech bubbles. Elicit what word Nicky uses between *as ... as* (an adjective).

#### Answers

1 the same 2 different

- 2 Point out that the students need to write two sentences about each pair of things, one using the first adjective and the other using the second. (Cristiano Ronaldo and Marcus Rashford are both professional footballers.)

## MIXED ABILITY

Encourage stronger students to work at their own pace. When they have finished, ask the students to write some more sentences using (*not*) *as ... as* and the two advertisements, e.g. *Pizza Palace* is *as big as* *Easy Burgers* (there's space for 30 guests in each), *Pizza Palace* isn't *as healthy as* *Easy Burgers*. With the weaker students, write the following on the board and encourage them to make (*not*) *as ... as* sentences as a class before they write some sentences for themselves. If necessary, point out that *maths* is a singular noun.

Oranges is / are (*not*) *as* healthy/sweet as lemons.

Trains	comfortable/slow	buses.
Maths	easy/interesting	English.
Cats	friendly/noisy	dogs.
My country	hot/big	the UK.
Ronaldo	young/famous	Marcus Rashford.

## Comparative adjectives

- 3 Write the following on the board and ask the students to complete the sentences with *Pizza Palace* or *Easy Burgers*:

\_\_\_\_\_ is cheaper than \_\_\_\_\_.

(*Pizza Palace*; *Easy Burgers*)

\_\_\_\_\_ is more expensive than \_\_\_\_\_.

(*Easy Burgers*; *Pizza Palace*)

Ask the class to say which words compare one thing with another (*cheaper than* and *more expensive than*). Point out that these are examples of comparative adjectives and ask the class to say how we form these (short adjective + *er* + *than* or *more* + long adjective + *than*). If appropriate, ask the students to underline all the examples of comparative adjectives in Vocabulary and Reading Exercise 4 page 68. Check that the students understand the meaning of the adjectives in the box by asking them to give you a sentence with each of them, e.g. *I can't go out because I'm busy. I've got a lot of homework.* Then ask them to copy the table into

Encourage them to check that they have spelled the comparative form correctly by looking at the table in their notebook (see Exercise 3). In groups they check each other's sentences.

## FAST FINISHERS

For this exercise fast finishers work together in a group. When they have checked each other's sentences, they choose three or four of their sentences and discuss whether they agree or disagree with each one.

Put the students into small groups. Tell them that they are going to organise an end of term party for the class and that some of them want to go to *Pizza Palace* and the others want to go to *Easy Burgers*.
